VOTING SECURITIES

Except under certain limited circumstances, the entire voting power of Federated is vested in the holder of the outstanding shares of the Class A Common Stock. All of the outstanding shares of Class A Common Stock are held by the Voting Trust, and will be voted in person at the Annual Meeting. Only the holder of record of Class A Common Stock at the close of business on February 26, 2018 (record date for Annual Meeting) will be entitled to vote at the Annual Meeting or any adjournment or adjournments thereof. On the record date, 9,000 shares of Class A Common Stock were outstanding, all of which were held by the Voting Trust, the three trustees of which are J. Christopher Donahue, Federated's President and Chief Executive Officer and Chairman of the Board, Thomas R. Donahue, Federated's Vice President, Chief Financial Officer, and Treasurer, and a member of the Board, and Rhodora J. Donahue, their mother, for the benefit of certain members of the Donahue family. Accordingly, Federated qualifies as a "controlled company" under Section 303A of the New York Stock Exchange Listed Company Manual (the "NYSE Rules") and qualifies for and relies upon exemptions available to controlled companies under the NYSE Rules. A "controlled company" is not required to comply with certain requirements of the NYSE Rules, such as the requirements of NYSE Rules 303A.01 (requiring a majority of independent directors), 303A.04 (requiring a nominating committee consisting entirely of independent directors) and 303A.05 (requiring a compensation committee consisting entirely of independent directors).

The presence of the holder of the Class A Common Stock, constituting all of the votes that all Shareholders are entitled to cast on the election of directors, will constitute a quorum for the transaction of business at the Annual Meeting. Any business transacted at the Annual Meeting shall be authorized upon receiving the affirmative vote of a majority of the votes cast by all Shareholders entitled to vote thereon. Under the terms of the Voting Trust, the trustees are authorized to vote the shares owned by the Voting Trust, and as a result, all of the outstanding shares of Class A Common Stock will be voted in person at the Annual Meeting. Each share of Class A Common Stock is entitled to one vote. Directors will be elected by a plurality of the votes cast. Cumulative voting is not allowed. The approval of the amendment to the Stock Incentive Plan will require a majority of the votes cast. The trustees of the Voting Trust have advised Federated that they intend to vote in favor of all the directors nominated by the Board and approval of the amendment to the Stock Incentive Plan.

Under Federated's Restated Articles of Incorporation, the Class A Common Stock of Federated is not entitled to an economic premium over the Class B Common Stock of Federated, including in connection with (1) distributions and dividends, and (2) a "Company Sale" (which includes (a) an acquisition of Federated by another entity by means of any transaction or series of related transactions (including without limitation, any reorganization, merger or stock purchase), and (b) a sale of all or substantially all of the assets of Federated). Specifically, the Class A Common Stock and Class B Common Stock of Federated currently have equal rights to dividends and distributions, when declared, whether in cash or stock, and shall receive the same amount of consideration per share, notwithstanding any differences in voting rights, in the event of a purchase of Federated by another entity by means of any transaction or series of related transactions (including without limitation, any reorganization, merger, consolidation or stock purchase) or a sale of all or substantially all of the assets of Federated.

Prior to 2006, he served as the President of the Institutional Sales Division of Federated Securities Corp., a wholly owned subsidiary of Federated. Mr. Fisher is President of three, and director or trustee of 26, investment companies managed by subsidiaries of Federated.

In determining that Mr. John B. Fisher should serve as a director of Federated, the Board identified his wealth of knowledge of Federated and its subsidiaries as a Vice President of the Company, his financial, sales and investment background, his knowledge of the investment management industry, and his general executive management experience.

Marie Milie Jones
Age 55

Ms. Marie Milie Jones was elected to the Board in April 2014. Since June 2011, Ms. Jones has been a founding partner of JonesPassodelis PLLC, a law firm that concentrates in, among other areas, civil rights and employment law, commercial litigation, and professional liability law. In addition, from 1987 until June 2011, she practiced law at Meyer, Darragh, Buckler, Bebeneck & Eck P.L.L.C., where she was elected partner in 1993 and managing partner in 1998.

In determining that Ms. Marie Milie Jones should serve as a director of Federated, the Board identified her extensive legal and management experience as a law firm partner, managing partner and founding partner, as well as her fourteen years of experience serving as a board member for Duquesne University, where she was Chairman of the Board from 2009 until her service on the board concluded in July 2017, and for St. Vincent's Seminary Board of Regents.

Only the number of nominees named above (six) are eligible for election at the 2018 Annual Meeting.

On April 27, 2017, the Board approved reducing the size of the Board from eight to seven members as Mr. David M. Kelly was not re-nominated for election as director of Federated because he had reached the maximum age (75) permitted for an independent director under Federated's Corporate Governance Guidelines. Mr. Kelly had first been elected to the Board in April 2004. He retired in 2007 as Chairman, Chief Executive Officer and President of Matthews. In April 2017, Mr. Kelly remained a member of the Board of Directors of Mestek, Inc. and Mesa Laboratories, Inc. Prior to his retirement in June 2015, Mr. Kelly was a member of the Board of Directors of Elliott Turbomachinery, Inc. Mr. Kelly served as Federated's Lead Independent Director. Mr. Kelly lent his extensive knowledge and experience in corporate oversight, leadership and executive management to Federated's Board during his tenure.

On October 26, 2017, the Board approved reducing the size of the Board from seven to six members in light of the untimely passing of Mr. John W. McGonigle on September 23, 2017. In addition to Mr. McGonigle, on May 11, 2017, Federated's founder, and former director, Chairman, President, Chief Executive Officer and Chairman Emeritus, Mr. John ("Jack") F. Donahue also passed away.

In Memoriam

Federated's directors, management and employees were deeply saddened by the passing of Messrs. John F. Donahue and John W. McGonigle. They will be greatly missed.

Jack Donahue

(Founder, former Chairman, President and Chief Executive Officer, and Chairman Emeritus, of Federated Investors, Inc., and former Chairman and President, and Emeritus Director Trustee, of the Federated Funds)

Jack Donahue, along with Richard B. Fisher, founded Federated in 1955 and served as a leader and member of the Board of Directors of Federated and the Boards of Directors/Trustees of the Federated Funds. Mr. Donahue was a family man of deep faith with exemplary character and fealty, who served his religion, family, community, and Federated and the Federated Funds, as well as their shareholders, officers and employees, with distinction. His integrity, intelligence, and keen sense of fiduciary duty, coupled with his faith, family and background as a West Point graduate and Strategic Air Command B-29 pilot, served as a foundation for his strong business acumen and leadership. Among his many achievements, Mr. Donahue's steadfast and innovative leadership of Federated and the Federated Funds, as well as within the investment management industry, led to the birth of money market funds in the 1970s and the growth as an innovative, efficient and effective cash management vehicle throughout the 1980s, 1990s, 2000s and beyond. Federated expresses deep gratitude to Mr. Donahue for his inspiring leadership, distinguished service and contributions as a husband, father, founder, Board member and officer, colleague and friend.

John McGonigle

(Former Director, Vice Chairman, Executive Vice President, Secretary and Chief Legal Officer of Federated Investors, Inc. and former Secretary of the Federated Funds)

John McGonigle served Federated and its Board, and the Federated Funds and their respective Boards, with distinction for more than 50 years as Secretary and Chief Legal Officer of Federated and as Fund Secretary. He was a director of Federated since 1998. He served as Executive Vice President, Chief Legal Officer and Secretary of Federated since 1998 and as a Vice Chairman since 2003. Mr. McGonigle also was Chairman of Federated International Management Limited, a wholly owned subsidiary of Federated. He also served as Director or Trustee of certain other subsidiaries of Federated and as Director for several closed-end funds. Mr. McGonigle was a gifted lawyer and wise counselor with a genial presence, keen intellect and convivial demeanor. A man of deep faith, he was a devoted husband, father and grandfather. A graduate of Duquesne University School of Law, Mr. McGonigle served as an officer in the U.S. Army for two years, achieving the rank of Captain. He also served on the staff of the Securities and Exchange Commission before joining Federated in 1966. Among many professional accomplishments, Mr. McGonigle helped fashion the regulatory foundation for money market funds, established Federated's first offshore funds in Ireland, and represented Federated on the Board of Governors of the Investment Company Institute where he was a member of the Executive Committee. Federated expresses deep gratitude for Mr. McGonigle and his impact on his family, friends, the community, and the mutual fund industry.

The Board has determined that Messrs. Bartolacci and Farrell, and Ms. Jones, are “independent” as defined by the NYSE Rules applicable to “controlled companies” such as Federated. In making this determination, the Board considered all relevant facts and circumstances. Messrs. Bartolacci and Farrell, and Ms. Jones, have no relationship with Federated that impacts their independence.

Meetings and Committees of the Board

In 2017, the Board met on six occasions. The Board has an Audit Committee, Compensation Committee and Compliance Committee. The Board does not have a Nominating Committee; the Board as a whole performs this function. During 2017, all directors attended at least seventy-five percent of the meetings of the Board and the committees on which they served for time periods when they were members of the Board.

Audit Committee

The Audit Committee currently consists of Messrs. Joseph C. Bartolacci and Michael J. Farrell, and Ms. Marie Milie Jones, none of whom is a current or former officer or employee of Federated. Mr. Farrell is Chairman of the Audit Committee. The Board has adopted a written charter for the Audit Committee. The Board has determined that the members of the Audit Committee are “independent” as defined by the NYSE Rules applicable to audit committee members of a “controlled company.”

The Audit Committee is responsible for monitoring the integrity of the financial statements of Federated, the independent registered public accounting firm’s qualifications and independence, the performance of Federated’s internal audit function and independent registered public accounting firm, and Federated’s compliance with related applicable legal and regulatory requirements. The Audit Committee has the sole authority to appoint or replace the independent registered public accounting firm and is directly responsible for the compensation and oversight of the work of the independent registered public accounting firm. In performing its responsibilities, the Audit Committee reviews the audit plans of Federated’s internal auditors and the independent registered public accounting firm and monitors their progress during the year. In discharging its responsibilities, the Audit Committee is entitled to rely upon the reports, findings and representations of Federated’s internal auditors, independent registered public accounting firm, legal counsel and responsible officers. In 2017, the Audit Committee met on five occasions.

The Board has determined that Messrs. Bartolacci and Farrell are audit committee financial experts as defined under federal securities laws.

Audit Committee Report

The Audit Committee oversees Federated’s financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee has met to review and discuss the audited financial statements in the 2017 Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity and completeness of disclosures in the financial statements.

The Audit Committee discussed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of Federated’s accounting principles as applied to the financial statements and such other matters as are required to be discussed with the Audit Committee under standards of the Public Company Accounting Oversight Board (United States) (“PCAOB”). In addition, the Audit Committee has received from the independent registered public accounting firm the written disclosures and the letter required by Rule 3526 of the PCAOB, *Communication with Audit Committees Concerning Independence*, relating to the independent registered public accounting firm’s independence from management and Federated, and has discussed with the independent registered public accounting firm their independence. The Audit Committee has considered whether the provisions of non-audit services by the independent registered public accounting firm are compatible with maintaining their independence.

The Audit Committee discussed with Federated’s internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of Federated’s internal controls, and the overall quality of Federated’s financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2017, for filing with the SEC. The Audit Committee also selected Ernst & Young LLP as Federated's independent registered public accounting firm for the fiscal year ending December 31, 2018.

Respectfully Submitted:

Michael J. Farrell, Audit Committee Chairman
Joseph C. Bartolacci, Audit Committee Member
Marie Milie Jones, Audit Committee Member

Compensation Committee

The Compensation Committee, which operates pursuant to a written charter, consists of Messrs. Joseph C. Bartolacci and Michael J. Farrell, and Ms. Marie Milie Jones. Mr. Bartolacci is Chairman of the Compensation Committee. The Compensation Committee establishes performance measures and certifies achievement, recommends and approves compensation levels of executive officers, awards share-based compensation, works with senior management on benefit and compensation programs for Federated employees, and monitors local and national compensation trends to ensure that Federated's compensation program is competitive within the mutual fund industry. The Compensation Committee has delegated its full power and authority under the Stock Incentive Plan, as amended, to the Chief Executive Officer with respect to all employees other than those subject to Section 16 of the Exchange Act. Currently, the following persons are subject to Section 16 of the Exchange Act: Gordon J. Ceresino, J. Christopher Donahue, Thomas R. Donahue, John B. Fisher, Peter J. Germain, Eugene F. Maloney, Richard A. Novak, Paul A. Uhlman and Steven P. Van Meter, as well as the non-employee members of the Board. In 2017, the Compensation Committee met on three occasions.

As members of the Compensation Committee, Messrs. Bartolacci and Farrell, and Ms. Jones, are deemed to be outside directors for purposes of Section 162(m) of the Internal Revenue Code and non-employee directors as defined in Rule 16b-3 of the Exchange Act.

Compensation Risk

The Compensation Committee collaborates with Federated's management in reviewing the material terms of Federated's compensation policies and programs for all employees, and evaluates the intended behaviors each is designed to incent to ensure that such policies and programs do not encourage excessive risk-taking that could result in a material, adverse impact to the Company. The Compensation Committee believes that Federated's compensation policies and programs do not give rise to risks reasonably likely to have a material adverse effect on the Company.

Corporate Governance

To address corporate governance matters and communicate its business standards, Federated has adopted Corporate Governance Guidelines and a Code of Business Conduct and Ethics. The Code of Business Conduct and Ethics applies to directors, officers and employees of Federated. Copies of these materials, as well as Charters for the Audit, Compensation, and Compliance Committees, are available on Federated's website at FederatedInvestors.com by first clicking on "About Federated", "Investor Relations" and then "Corporate Governance." The information is also available in print upon written request.

Under Federated's policies, the directors are expected to attend the Annual Meeting. All of the directors on the Board at the time of the 2017 Annual Meeting of Shareholders attended the 2017 Annual Meeting.

Communications with the Board

Independent members of the Board have regularly scheduled executive sessions without management participation. Mr. Farrell presides over these meetings. In order that shareholders and other interested parties may make their concerns known to the independent directors as well as to the Audit Committee, Compliance Committee, and the full Board, the Board has established a telephone messaging system and an internet-based anonymous incident reporting system. All messages will be forwarded to Federated's Chief Compliance Officer ("CCO") for review, who will prepare a summary of such communications for the independent directors, the Audit Committee, the Compliance Committee, or the full Board, as appropriate. Information concerning the use of the messaging system and the reporting system can be obtained on Federated's website at **FederatedInvestors.com** by first clicking on "About Federated", "Investor Relations" and then "Corporate Governance."

Board Leadership Structure

In 2017, Mr. J. Christopher Donahue was elected, and continues to serve, as President and Chief Executive Officer, and Chairman, of the Company. The Board does not have a policy with respect to whether the Chairman should be an independent director, an affiliated director or a member of Company management. The Company's policy as to whether the role of Chief Executive Officer and Chairman should be separate is to adopt the practice that best serves the Company's and Shareholders' interests at any particular time. Currently, the Board believes that, given Mr. J. Christopher Donahue's knowledge, experience and strategic vision, and the evolving investment management industry, combining the roles of Chairman, President and Chief Executive Officer would best serve the interests of the Company and its Shareholders. Additionally, the Board has currently designated Mr. Farrell as Lead Independent Director. In that capacity, he chairs all executive sessions of the independent directors and serves as a liaison between the independent directors and management. The Board believes this leadership structure is appropriate because it effectively allocates authority, responsibility and oversight between management and the non-management directors.

Risk Oversight

The Board has oversight responsibility for risk management, focusing on significant risks facing Federated, including operational, financial, legal, compliance and macro-economic risks. The Board and its committees work closely with management to monitor risk and it is management's responsibility to manage risk and bring to the Board's attention material risks to the Company. The Board has delegated responsibility to certain Board committees for the oversight of specific risks as follows:

- The Compliance Committee is responsible for monitoring and reviewing significant legal, compliance and regulatory matters involving Federated. It accomplishes this by receiving regular reports from Federated's Chief Risk Officer ("CRO") and CCO, and meeting in executive session with these individuals as necessary.
- The Audit Committee is responsible for monitoring and reviewing Federated's policies and procedures relating to the financial reporting process, including the internal control process. It also monitors the Company's internal audit function, the work performed by the independent registered public accounting firm and the Company's compliance with related applicable legal and regulatory requirements. It accomplishes these tasks by receiving regular reports from Federated's Chief Audit Executive ("CAE"), as well as from Federated's independent registered public accounting firm. It also meets in regular executive sessions with the CAE and the independent registered public accounting firm.

In addition, the Board as a whole receives regular reports on significant legal and regulatory matters from Federated's General Counsel.

Federated maintains several departments which focus on risk assessment and mitigation. It maintains an Enterprise Wide Risk Management department ("Risk Management") headed by the CRO. Risk Management implements the processes established to report and monitor material risks to the Company. The CRO reports directly to the Compliance Committee of the Board on a quarterly basis and the full Board as appropriate. The CRO reports to the Compliance Committee on significant enterprise risks such as regulatory, compliance and business risks as well as top investment-related risks that could impact the investment products under management by Federated. The CRO also provides the Compliance Committee with regular updates on enterprise risk initiatives being conducted by Risk Management.

Federated also maintains a Compliance Department headed by the CCO. The function of the Compliance Department and the role of the CCO are intended to operate in a manner consistent with Rule 38a-1 under the Investment Company Act of 1940 and Rule 206(4)-7 of the Investment Advisers Act of 1940, respectively. The Compliance Department's primary responsibility is to assure that compliance and ethical standards are in place within Federated and that policies and procedures have been adopted and implemented that are reasonably designed to prevent violation of federal securities laws and regulations. The CCO, like the CRO, reports directly to the Compliance Committee on significant compliance issues and initiatives on a quarterly basis and the full Board as appropriate.

Federated also maintains an Internal Audit Department headed by the CAE. The function of the Internal Audit Department is to provide an internal assessment of business processes, including assessments of Federated's internal controls over the financial reporting process. It also provides consulting services to Federated business units to better allow such units to assess and monitor risk relating to their business processes. The CAE reports directly to the Audit Committee on significant internal audit-related issues, as well as on the progress of management's review of the internal controls over financial reporting on a quarterly basis.

Each of the CCO, CAE, CRO and Deputy General Counsel report to Federated's Chief Legal Officer and General Counsel. Each of the CCO, CAE, CRO, and Deputy General Counsel, as well as Federated's Chief Legal Officer and General Counsel, has the authority to contact the Board directly at any time to discuss risk-related matters if they deem it necessary. In addition, Federated fosters effective communications among its various departments by maintaining an internal compliance committee that meets at least quarterly and consists of the CCO, CAE, CRO and Deputy General Counsel. This committee presents a formal mechanism for these department heads to discuss compliance- and risk-related matters at Federated.

Federated believes that the division of risk management responsibilities described above is an effective approach for addressing the risks facing Federated and that the Board leadership structure, described above, supports this approach.

Nomination of Directors

Under the NYSE Rules, Federated is not required to have a nominating committee because it is considered a "controlled company" for purposes of these rules. In light of this fact, Federated believes that it is appropriate not to have a nominating committee and, therefore, does not have a nominating committee charter in reliance on the NYSE Rules exemption. Federated's current practice is for the Board as a whole to perform the functions of a nominating committee.

The Board does not currently consider director candidates recommended by Shareholders and does not have a formal policy with regard to consideration of director candidates recommended by Shareholders. Federated believes that it is appropriate not to have such a policy because of its status as a "controlled company" under the NYSE Rules.

The Board seeks candidates who possess the background, skills, experience, expertise, integrity, and degree of commitment necessary to make a significant contribution to the Board. In connection with its evaluation of a nominee, the Board takes into account all applicable laws, rules, regulations and listing standards and considers other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise, and its evaluation of other prospective nominees. Although the Board does not have a formal policy regarding the consideration of diversity in identifying nominees for director, the Board believes directors should be selected so that the Board is a diverse body. In order to achieve this result, the Board seeks nominees who reflect differences of viewpoint, professional experience, education, skill and other individual qualities and attributes that it believes will strengthen the Board as a whole. Nominees for directorship are recommended to the Board by Federated's Chief Executive Officer and its other directors. An invitation to join the Board will generally be extended by Federated's Chairman and Chief Executive Officer.

Compensation of Directors

Members of the Board who are also employees of Federated do not receive compensation for their service as directors. For their service as directors, non-management directors receive (i) \$50,000 per year; (ii) \$5,000 per year for each Board Committee Membership; (iii) \$5,000 per year for Compliance and Compensation Committee Chairmanship and for Lead Independent Director/\$7,500 per year for Audit Committee Chairmanship (each of the aforementioned payable in quarterly installments); (iv) \$1,500 per attendance at a special meeting of the Board payable when such meetings occur; and (v) 2,000 shares of unrestricted Class B Common Stock annually pursuant to the Federated Investors, Inc. Stock Incentive Plan, as amended (the "Stock Incentive Plan"). Federated also paid the premiums for term life insurance and travel/accident insurance for each of Messrs. Bartolacci and Farrell, and Ms. Jones, which, in the aggregate, cost Federated approximately \$320 in 2017. Federated also paid the premiums for term life insurance and travel accident insurance for Mr. Kelly while he was a member of the Board through April 27, 2017, which, in the aggregate, cost Federated approximately \$31.

EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy and Objectives

The investment management business is highly competitive and experienced professionals have significant career mobility. Federated's ability to attract, retain and properly motivate highly qualified professionals is a critical factor in maintaining Federated's competitive position within the investment management industry and ensuring Federated's future success. Accordingly, Federated's compensation program is comprised of competitive levels of cash compensation together with equity and other components that are consistent with Shareholder interests. Federated's compensation program is designed to reward outcomes related to a variety of factors including Federated's revenues, earnings, earnings on a per share basis, and return on equity and payout ratio. Additional consideration is given to Federated's investment and financial performance as measured against other similar companies within the investment management industry and the performance of Federated's stock. Federated's Chief Executive Officer, Chief Financial Officer and its three other most highly compensated executive officers are referred to herein as the "Named Executive Officers."

Allocation Among Compensation Components

As previously noted, each component of Federated's compensation program is designed to be competitive within the investment management industry and to align the interests of Federated's executive officers with those of Federated's Shareholders. The final determination on setting compensation for executive officers rests with the Compensation Committee. The Compensation Committee takes a holistic approach to assessing and determining the components of each executive officer's total compensation. The Compensation Committee receives input and recommendations from, and works collaboratively with, Federated's Chief Executive Officer in analyzing information relating to the Company and individual performance. The Compensation Committee not only considers a variety of factors relating to Company performance including Federated's Operating Profits (as defined hereinafter), revenues, earnings per share and stock performance, but also considers industry compensation trends among companies in Federated's peer group, as discussed below. The Compensation Committee also reviews investment performance and financial performance on a comparative basis, as well as the effectiveness of marketing and sales efforts. The Compensation Committee subjectively considers a number of different individual and corporate performance factors, but gives no specific weighting to any such factor. Each component of compensation is reviewed independently each year, taking into consideration both Company and individual results as well as comparative peer group information.

Peer Group. In 2017, Federated engaged Deloitte Consulting LLP ("Deloitte"), a nationally recognized consulting firm with expertise in executive compensation practices and program design, to conduct a study of the compensation of executive officers at Federated and ten of Federated's peers within the investment management industry. For 2017, Federated's peer group was reduced from eleven to ten with the removal of Calamos Asset Management, Inc. ("Calamos"). According to Deloitte, Calamos was taken private on February 21, 2017, and did not file a proxy for the 2016 fiscal year and, as such, it was determined that Federated's current peer group consists of ten companies. The Compensation Committee has reviewed Federated's relationships with, and the services provided by, Deloitte and has not identified any conflicts of interest.

Federated's peer group selected for purposes of Deloitte's study included Affiliated Managers Group, Inc.; AllianceBernstein Holding LP; BlackRock, Inc.; Eaton Vance Corp.; Franklin Resources, Inc.; Invesco Ltd.; Janus Henderson Group PLC (formerly Janus Capital Group, Inc.); Legg Mason, Inc.; T. Rowe Price Group, Inc.; and Waddell & Reed Financial, Inc. In selecting this peer group, Federated used the size criteria of approximately one-half to two times Federated in one or more of the following metrics: revenue, assets under management, net income and market capitalization. The peer group data used for purposes of Deloitte's study is generally gathered from publicly disclosed documents of those

companies. Therefore, these results will typically only relate to the five most highly compensated executive officers of a given company. Information prepared by Deloitte was provided to the Compensation Committee to assist it in its efforts to determine appropriate levels of compensation. While the Compensation Committee considers the peer data provided by Deloitte in setting executive compensation, Federated does not benchmark to a specified percentile of this peer group.

Base Salary. Base salaries are intended to form a competitive percentage of total cash compensation. Federated's objective in paying a base salary is to provide its executive officers with a level of assured cash compensation that is commensurate with their position, expertise and accomplishments. In establishing base salaries, the Compensation Committee considers performance assessments and recommendations provided by Federated's Chief Executive Officer with respect to executive officers other than himself. The Compensation Committee also gives consideration to Federated's financial results from the prior year as well as the base salaries paid for comparable positions by companies in Federated's peer group. The Compensation Committee awarded a base salary increase to Mr. Paul A. Uhlman in consideration of his progression in the role of President, Federated Securities Corp. which he assumed in June 2016. The Compensation Committee did not increase any other executive officer's 2017 base salaries consistent with Federated's company-wide effort to control expenses in 2017.

Bonuses. Bonuses paid under the Annual Incentive Plan are designed to reward executive officers for the successful attainment of annual results that are consistent with Federated's long-term growth and development. Each year, the Compensation Committee reviews requirements relating to executive compensation and establishes one or more performance goals for bonus awards. For 2017 and prior years, the performance goals must be attained for bonuses to be awarded under the Annual Incentive Plan. For future awards, the Compensation Committee reviewed the changes effected by the Tax Cuts and Jobs Act ("2017 Tax Act"), which was signed into law on December 22, 2017, as well as the terms of the Annual Incentive Plan, and determined, based on management's recommendation after consulting with tax counsel, that the achievement of the performance goal under the Annual Incentive Plan will not be a condition precedent for future awards, but instead will be a factor that the Committee can consider in determining whether the awards are earned. For taxable years beginning after December 31, 2017, among other changes, the 2017 Tax Act: (1) eliminated the exception for performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended ("Code"), so all performance and non performance-based compensation paid to a covered employee that is greater than \$1 million per year will be non-deductible; (2) expanded the definition of "covered employee" to include the principal financial officer (e.g., Chief Financial Officer) in addition to the principal executive officer (e.g., Chief Executive Officer) and the next three highest compensated officers; and (3) provided that an employee who qualifies as a "covered employee" at any time on or after January 1, 2017 will always remain a "covered employee" (even after termination of employment). These non-deductibility rules also apply to a covered employee's beneficiary (e.g., payments made after termination of employment, including death). With these changes, any compensation (including performance-based compensation) in excess of \$1 million that is paid to a covered employee will be non-deductible. As a result, the Committee took into consideration the fact that performance-based compensation arrangements can be structured without regard to the technical and prescription requirements of Code Section 162(m) and Treasury Regulation 1.162-27.

The performance period over which the performance goals are measured may be a calendar year, or other period of 12 months or less, for which a participant's performance is measured as established in the discretion of the Compensation Committee. In 2017, the Compensation Committee required that Federated attain operating profits of \$67.50 million for the nine month period ending September 30, 2017 for bonuses to be awarded. For purposes of the Annual Incentive Plan performance goal, operating profits are defined, for the applicable performance period, as total revenue less distributions to non-controlling (minority) interests and less total expenses (including net non-operating income/expenses and income taxes and excluding amortization of intangibles, impairment losses and debt expenses) as reflected in Federated's audited or unaudited financial statements ("Operating Profits"). For 2017 and prior years, achievement of the performance goal is a condition for payment of a bonus under the Annual Incentive Plan. As discussed above, for future awards, the Compensation Committee determined, based on management's recommendation after consulting with tax counsel, that the achievement of the performance goal under the Annual Incentive Plan will not be a condition precedent for future awards, but instead will be a factor that the Committee can consider in determining whether the awards are earned. For the nine-month period ended September 30, 2017, Federated had Operating Profits of approximately \$164.8 million. The maximum amount that may be awarded to each executive officer in a given year under the Annual Incentive Plan is \$6 million. Achievement of the performance goal, however, does not serve to ensure the award of a bonus under the Annual Incentive Plan. For 2017 and prior years, the Compensation Committee has the discretion, in appropriate circumstances, to reduce or eliminate a bonus even if a performance goal is achieved. For future awards, the Compensation Committee determined, based upon management's recommendation after consulting with tax counsel, and after reviewing the 2017 Tax Act changes and the Annual Incentive Plan, that it has the discretion (either negative or positive), in appropriate circumstances, to increase, reduce or eliminate a bonus. The awards are payable under the Annual Incentive Plan promptly after the Compensation Committee

has determined, or considered, that the performance goal, and any other material terms, have been achieved (but in no event later than 2 ½ months after the close of the fiscal year in which the performance period ends).

In addition to the Operating Profits threshold for bonuses under the Annual Incentive Plan, in determining awards for 2017 under the Annual Incentive Plan, the Compensation Committee considered a variety of factors including Federated's Operating Profits, revenues, earnings, earnings on a per share basis and return on equity and payout ratio. Also taken into consideration by the Compensation Committee was the performance of Federated's stock, Federated's investment and financial performance as measured against other similar companies within the investment management industry, and the performance assessment and recommendations made by Federated's Chief Executive Officer with respect to executive officers other than himself. The Compensation Committee also considered the Company's relative performance in challenging market conditions, the Company's effective expense management and the Company's market share.

The Compensation Committee, as noted above, also considers individual performance factors.

Individual factors the Compensation Committee considered when determining J. Christopher Donahue's 2017 bonus award included executive leadership with respect to overall management of the Company, and executive leadership in responding to current and emerging regulatory issues.

Individual factors the Compensation Committee considered when determining Thomas R. Donahue's 2017 bonus award included breadth of operational responsibility beyond traditional Chief Financial Officer duties, and executive leadership with respect to financial reporting, industry initiatives, and acquisitions.

Individual factors the Compensation Committee considered when determining John B. Fisher's 2017 bonus award included executive leadership with respect to investment management, product performance and depth and breadth of fund knowledge.

Individual factors the Compensation Committee considered when determining Paul A. Uhlman's 2017 bonus award included his management of Federated's sales organization and executive leadership with respect to product sales, sales results and communications with fund shareholders.

Individual factors the Compensation Committee considered when determining Gordon J. Ceresino's 2017 bonus award included executive leadership with respect to the Company's global business plan and international distribution.

The Compensation Committee gives no specific weighting to any of the aforementioned individual and corporate performance factors and considers each of them on a subjective basis. For 2017, consistent with past practice, the Compensation Committee, in the exercise of its discretion under the Annual Incentive Plan, reduced the amount of the bonus award from the maximum amount eligible to be attained by an executive officer.

None of the determinations that the Compensation Committee made upon considering the 2017 Tax Act and the Annual Incentive Plan were intended to modify or otherwise effect in any way any remuneration provided pursuant to a written binding contract in effect as of November 2, 2017. As a general matter, the changes to Code Section 162(m) effected by the 2017 Tax Act apply to taxable years beginning after December 31, 2017 (i.e., from January 1, 2018 forward), however, remuneration provided pursuant to a written binding contract in effect as of November 2, 2017, and which has not thereafter been modified in any material respect, can be grandfathered under the 2017 Tax Act and continue to be deductible (assuming compliance with other relevant requirements of former Code Section 162(m)). After consulting with Federated's independent registered public accounting firm and tax counsel, management advised the Committee that, based on Federated's plans, agreements and practices, management believes that past performance-based compensation awards would be eligible to be grandfathered and continue to be deductible (absent additional guidance being promulgated that would result in a different conclusion).

Equity Compensation. For 2017 Annual Incentive Plan bonus awards, executives under the age of sixty-two on the date of the award generally receive eighty percent of their award amount in cash and twenty percent in the form of restricted stock ("Bonus Restricted Stock"), and may elect to receive seventy percent in cash and thirty percent in Bonus Restricted Stock. For 2017, executive officers aged sixty-two or older on the date of the award, who receive bonus awards under the Annual Incentive Plan may elect to receive 100% of such awards in cash, may elect to receive eighty percent in cash and twenty percent in Bonus Restricted Stock or may elect to receive seventy percent in cash and thirty percent in Bonus Restricted Stock. Bonus Restricted Stock is awarded at eighty-five percent of fair market value, based on the closing price of Federated Class B Common Stock on the NYSE on the award date and generally vests over a three-year period. Bonus Restricted Stock awards are made at eighty-five percent of fair market value in recognition of the risk of forfeiture and the delay in receiving awards earned under the Annual Incentive Plan. The Company believes that the Bonus Restricted Stock portion of the award serves to further align the interests of executive officers with those of the Shareholders.

In 2017, the Compensation Committee also granted periodic restricted stock (“Periodic Restricted Stock”) awards to executive officers under the Stock Incentive Plan. In determining whether Periodic Restricted Stock awards are appropriate and, if so, the size of such an award, the Compensation Committee holistically considers any outstanding and unvested restricted stock the executive officer holds as well as the value of equity compensation as a component of total compensation. In making its decision, the Compensation Committee also considers on a subjective basis factors such as the executive officer’s performance, changes in his or her responsibilities, promotions and general industry practices. Periodic Restricted Stock awards, for which executive officers pay the Company \$3.00 per share, generally vest over a ten-year period, which Federated believes serves to align the long-term interests of executive officers with those of Federated’s Shareholders. The timing of Periodic Restricted Stock grants is driven by the Compensation Committee’s assessment of the need to compensate executive officers, not by Federated’s stock price. Grants are made only during “open” periods in which the Company has not implemented trading restrictions. Please refer to footnotes (1) and (2) of the 2017 Summary Compensation Table and footnotes (2), (3) and (4) of the 2017 Outstanding Equity Awards at Fiscal Year End Table, and the Narrative Disclosure to 2017 Summary Compensation Table and 2017 Grants of Plan-Based Awards Table, for further information relating to the Company’s awards of Bonus Restricted Stock and Periodic Restricted Stock to Named Executive Officers.

Federated does not currently award stock options to its executive officers (or its other employees).

Perquisites and Other Benefits. Federated provides a limited number of perquisites and other benefits to its executive officers that are intended to encourage the health and wellness of its executive officers and to reduce the time and attention that they must spend on non-Federated issues.

Certain executive officers are eligible for reimbursement for the initiation fees and dues associated with membership in golf and/or social clubs that have a business purpose. Such memberships provide executive officers with an appropriate forum for entertaining clients and interacting with the community. During 2017, six executive officers were provided with on-site parking at Federated’s headquarters. Executive officers are permitted to use Federated’s corporate aircraft for a limited amount of personal use when the corporate aircraft is not being utilized for business purposes. Such personal use of the corporate aircraft must be pre-approved by the Chief Executive Officer or Chief Financial Officer. Personal use of the corporate aircraft by an executive officer results in taxable income to the executive officer determined in accordance with Internal Revenue Service regulations. For security and efficiency reasons, the Chairman, Chief Executive Officer and Chief Financial Officer are required to use the corporate aircraft for business and personal use to the greatest reasonable extent.

Executive officers are entitled to receive medical, life and disability coverage and other corporate benefits available to most of Federated’s other employees. Executive officers are also provided an annual physical, at their option.

Executive officers are eligible to participate in the Federated Investors, Inc. Profit Sharing/401(k) Plan, which is made available to substantially all of Federated’s employees.

Board Process

The Compensation Committee receives input and recommendations from, and works collaboratively with, Federated’s Chief Executive Officer in analyzing information relating to Company and individual performance. As discussed above, the Compensation Committee also considers a variety of factors when determining annual salary and awards of bonuses under the Annual Incentive Plan or awards of Periodic Restricted Stock under the Stock Incentive Plan. The Compensation Committee not only considers a variety of factors relating to Company performance including Federated’s Operating Profits, revenues, earnings per share and stock performance, but also considers industry compensation trends among companies in Federated’s peer group as provided in the aforementioned study conducted by Deloitte. The Compensation Committee also reviews investment performance and financial performance on a comparative basis, as well as the effectiveness of marketing and sales efforts. Although the Compensation Committee considers a number of different individual and corporate performance factors, no specific weighting is given to any such factor. Because Federated is a “controlled company” and does not solicit proxies, consents or authorizations from shareholders relating to the Annual Meeting, Federated is not required to hold, and, therefore, consideration is not given to the results of, a shareholder advisory vote on executive compensation pursuant to Section 14A of the Exchange Act.

Narrative Disclosure to 2017 Summary Compensation Table and 2017 Grants of Plan-Based Awards Table

Bonus Restricted Stock awards included in the “Stock Awards” column of the 2017 Summary Compensation Table were granted in partial payment of the 2016 bonus awards and generally vest in equal one-third amounts over a three-year period. The Bonus Restricted Stock is awarded at eighty-five percent of fair market value. The Bonus Restricted Stock is granted under the Annual Incentive Plan. See the discussion under the captions Bonuses and Equity Compensation in the Compensation Discussion and Analysis above for further information regarding the terms of the Annual Incentive Plan. The Bonus Restricted Stock grant date fair value is reflected under the “Grant date fair value of stock and option awards” column of the 2017 Grants of Plan-Based Awards Table.

On November 17, 2017, each of Messrs. Thomas R. Donahue, Fisher, Ceresino and Uhlman received an award of 18,500 shares of Periodic Restricted Stock under the Stock Incentive Plan, which awards are reflected in the “Estimated future payouts under equity incentive plan awards” column of the 2017 Grants of Plan-Based Awards Table. Each such award is governed by an accompanying 2017 Restricted Stock Award Agreement, which specifies that the shares are subject to forfeiture should a certain performance measurement not be attained. In order to satisfy the performance measurement, Federated must have Operating Profits of at least \$71.25 million for the nine-month period ending September 30, 2018. (Please see the discussion of the effect of the 2017 Tax Act on future performance-based compensation in the “Compensation Discussion and Analysis” under the heading “Bonuses”.) Such awards are also subject to confidentiality and non-competition obligations. Recipients pay the Company \$3.00 per share for Periodic Restricted Stock awards and are entitled to receive dividends on the restricted shares which are the same as those paid on unrestricted Class B Common Stock. Periodic Restricted Stock awards granted in 2017 vest over a ten-year period with restrictions lapsing fifty percent on each of approximately the award’s fifth- and tenth-year anniversaries, except in the case of a recipient’s death or separation from employment due to disability, in which case should death or separation from employment due to disability occur prior to the fifth vesting date, the stock vests in accordance with the vesting schedule and all unvested shares at the time of death or disability are forfeited and sold back to Federated for the purchase price (\$3.00/share) or should death or separation from employment due to disability occur on or after the fifth vesting date, all of the unvested shares become vested shares upon such separation from employment or death.

Federated previously made a matching contribution under the Federated Investors, Inc. Profit Sharing/401(k) Plan in an amount equal to 100% of the first 2% that each participant defers and 50% of the next 4% of deferral contributions, for a total match of 4%, and these amounts are included in the “All Other Compensation” column of the 2017 Summary Compensation Table. On January 25, 2018, Federated’s Board approved increasing the matching contribution under the Federated Investors, Inc. Profit Sharing/401(k) Plan to an amount equal to 100% of the first 3% that each participant defers and 50% of the next 3% of deferral contributions, for a total match of 4.5%.

Pay Ratio Disclosure

For Federated's last completed fiscal year ended December 31, 2017:

The median of the annual compensation of all non-excluded employees of Federated (other than the Chief Executive Officer (or principal executive officer) ("CEO")) was \$90,049; and

The annual compensation of Federated's CEO was \$5,194,655.

Based upon this information, the 2017 ratio of the annual total compensation of Federated's CEO to the median of the annual total compensation of all non-excluded employees was approximately 58 to 1.

We believe the pay ratio disclosed above is a reasonable estimate calculated in a manner consistent with the SEC's Regulation S-K, Item 402(u). To identify the median of the annual total compensation of all of Federated's non-excluded employees and to determine the annual total compensation of Federated's median employee and Federated's CEO, Federated took the following steps:

Federated selected December 31, 2017, which is within the last three months of 2017, as the date used to identify Federated's median employee because it enabled Federated to make such identification in an efficient and reasonable manner.

Federated determined that, as of December 31, 2017, Federated had 1,441 employees, with 1,420 employees in the U.S. and 21 employees outside of the U.S. in the United Kingdom (15), Germany (4), Canada (1) and Japan (1). Federated excluded as de minimis its 21 non-U.S. employees from the number of employees used to identify the employee with the median annual compensation of Federated's non-excluded employees since Federated's non-U.S. employees represent less than 5% of Federated's total employee population. For purposes of identifying the employee with the median annual compensation of all of Federated's non-excluded employees, Federated considered all of its U.S. employee population, including permanent employees and temporary or seasonal employees. The annual total compensation Federated used to identify the employee

with the median total compensation includes all earnings reported for Federated's U.S. employees on Form W-2 to the Internal Revenue Service for 2017. Federated annualized the annual total compensation of the permanent employees who did not work for Federated during the entire 2017 fiscal year. Once the employee with the median total annual compensation was identified, Federated combined all of the elements of such employee's compensation for 2017 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$90,049. The employee with the median total compensation did not receive any equity awards. The total compensation income for Federated's CEO is based upon his total compensation for 2017 as reported in the Summary Compensation Table in this Information Statement.

Employment Agreements and Change-of-Control Agreement

Federated generally does not have employment agreements or change-of-control agreements with its executive officers. The only employment agreements Federated currently has in place with Named Executive Officers are those with Mr. John B. Fisher and Mr. Paul A. Uhlman.

On December 28, 1990, Mr. Fisher entered into an employment agreement (the "Fisher Employment Agreement") with Federated Investors, a predecessor of Federated, in connection with his employment by Federated Investors as an officer and employee. The Fisher Employment Agreement is still in effect. Under the terms of the Fisher Employment Agreement, Mr. Fisher is subject to certain restrictions with regard to confidentiality and competition. Mr. Fisher is not permitted to disclose confidential information that he receives in the course of or as a result of his employment. Additionally, upon termination of his employment, Mr. Fisher is prohibited from directly or indirectly competing with Federated for a period of two years. Furthermore, upon termination of his employment, Mr. Fisher agrees not to directly or indirectly solicit employees of Federated to terminate their employment or contractual relations with Federated.

On October 22, 1990, Mr. Uhlman entered into an employment agreement (the "Uhlman Employment Agreement") with Federated Securities Corp., a subsidiary of Federated, in connection with his employment by Federated Securities Corp. as a sales representative. The Uhlman Employment Agreement is still in effect. Under the terms of the Uhlman Employment Agreement, Mr. Uhlman is subject to certain restrictions with regard to confidentiality and competition. Mr. Uhlman is not permitted to disclose confidential information he receives in the course of or as a result of his employment. Additionally, upon termination of his employment, Mr. Uhlman is prohibited from directly or indirectly competing with Federated in connection with the sale of shares of money market funds or any other securities or other products and services which may be competitive for a period of two years. Furthermore, upon termination of his employment, Mr. Uhlman agrees not to directly or indirectly solicit employees of Federated to terminate their employment or contractual relations with Federated.

The only agreement Federated currently has in place with a Named Executive Officer that contains a change-of-control provision is a 2016 Restricted Stock Award Agreement entered into with Mr. Paul A. Uhlman on June 15, 2016, under the Stock Incentive Plan pursuant to which Mr. Uhlman received a total of 50,000 shares of Restricted Stock. Under the terms of the 2016 Restricted Stock Award Agreement, the shares awarded vest over a ten-year period with restrictions lapsing on fifty percent of the award on each of approximately the award's fifth- and tenth- year anniversaries, respectively. In certain circumstances where there is a change-of-control (as described below), the vesting of the shares is accelerated. For this accelerated vesting to occur: (a) there must be a change in ownership of fifty-one percent or greater of the Class A Common Stock of Federated; and (b) one of the following must occur (i) Mr. Uhlman's employment agreement is terminated other than "for cause" (as defined in the Agreement) by Federated or its successor during the six-month period before or the first two-year period following a change in ownership or (ii) a constructive termination (as defined in the 2016 Restricted Stock Award Agreement) occurs prior to the occurrence of events which would permit a termination "for cause" during the first two-year period following a change of ownership. If this "double-trigger" provision is satisfied, then any portion of the award not vested will fully vest. Assuming that the aforementioned events occurred on December 31, 2017, thereby satisfying the "double-trigger" provision, the shares of Restricted Stock awarded to Mr. Uhlman pursuant to the 2016 Restricted Stock Award Agreement that were not vested would have become fully vested with an approximate value of \$1,713,800 which would include \$142,500 Mr. Uhlman paid for his shares. Such events, however, did not occur.

TRANSACTIONS WITH RELATED PERSONS

During 2017, Mr. Richard B. Fisher, a co-founder of Federated and father of Mr. John B. Fisher, Vice President of Federated, was employed by Federated as Vice Chairman. Mr. Richard B. Fisher was provided a salary of eight hundred thousand dollars for his services throughout the year. During 2017, Mr. John F. Donahue, a co-founder and Chairman Emeritus and father of J. Christopher Donahue, President, Chief Executive Officer and Chairman of Federated, and Thomas R. Donahue, Vice President, Chief Financial Officer and Treasurer of Federated, was compensated approximately four hundred and twelve thousand dollars in his position as Chairman Emeritus prior to his passing on May 11, 2017.

Pursuant to a Shareholder Services Agreement between Comax Partners Limited Partnership (formerly The Beechwood Company, L.P.) (“Comax”) and Federated Securities Corp., a subsidiary of Federated, as agent for certain Federated Funds (the “Funds”), Comax provides customary shareholder services to its customers that are shareholders of the Funds. In return, Comax receives service fees from the Funds. During the fiscal year ended December 31, 2017, Comax received \$138,467 from the Funds for its services. Certain members of the Donahue family, including Messrs. J. Christopher Donahue and Thomas R. Donahue, have direct and indirect ownership interests in Comax.

CONFLICT OF INTEREST POLICIES AND PROCEDURES

Federated maintains a Code of Business Conduct and Ethics (the “Code”). The Code applies to each director, officer and employee of Federated (each a “Covered Person”). The Code specifically addresses a variety of conflicts of interest, including transactions with related persons. The Code also sets forth guidance for Covered Persons with regard to general conflict of interest scenarios where an individual’s private interests interfere in any way with the interests of Federated as a whole. Federated relies on the integrity and undivided loyalty of Covered Persons to maintain the highest level of objectivity in performing their duties.

Covered Persons are expected to avoid any situation in which personal interests conflict, or have the appearance of conflicting, with those of Federated. Covered Persons are responsible for avoiding any misconduct or perceived conflicts of interest. Accordingly, employees are expected to use prudent behavior and discretion in all transactions and relationships and are required to make prompt and complete disclosure of any possible or probable conflict of interest to their direct supervisor or manager, human resources, or the Internal Compliance Committee, as described below. Non-management directors are also expected to make appropriate disclosures to the Board and to take appropriate steps to recuse themselves from Board decisions with respect to transactions or other matters involving Federated as to which they are interested parties or with respect to which a real or apparent conflict of interest exists. As a general rule, Covered Persons should never receive a payment or anything of value in exchange for a decision involving Federated’s business, with limited exceptions for token gifts of nominal value. Additionally, Covered Persons generally may not have any direct or indirect financial interest in, or any business relationship with, a person or entity that does business with Federated or is a competitor of Federated. This policy does not apply to an arms-length purchase of goods or services for personal or family use or to the ownership of less than five percent of the shares of a publicly traded company. Other arms-length business relationships with Federated and/or the Federated Funds may be permissible provided such business relationships are disclosed to, reviewed and approved by the Internal Compliance Committee (as detailed below). Furthermore, Covered Persons should not engage in outside jobs or activities that compete with Federated in any way. Except in certain limited circumstances, any employee who is invited to join the board of directors or to serve as an officer of another organization must obtain the approval of the Internal Compliance Committee. The Code requires directors who are invited to serve on other boards to promptly notify Federated’s Chief Executive Officer and Chairman.

The Code is administered by an Internal Compliance Committee, which consists of Federated’s Chief Compliance Officer, Chief Risk Officer, Chief Audit Executive and Deputy General Counsel. As previously discussed, the Code requires Covered Persons to disclose to the Internal Compliance Committee any personal activities or financial interests that could negatively influence, or give the appearance of negatively influencing, their judgment or decisions. The Internal Compliance Committee then determines if there is a conflict and, if so, how to resolve it without compromising the interests of Federated, the Federated Funds or other accounts, as applicable. When necessary, the Internal Compliance Committee will bring matters to the Chief Legal Officer, senior staff or the Board for final resolution.

A written copy of the Code is available on Federated’s website at FederatedInvestors.com by first clicking on “About Federated”, “Investor Relations” and then “Corporate Governance.”

Section 16(a) Beneficial Ownership Reporting Compliance

Under the securities laws of the United States, Federated's directors, its executive officers and any persons beneficially owning more than ten percent of Federated's Class A Common Stock and Class B Common Stock are required to report their ownership of Federated's Class A and Class B Common Stock and any changes in that ownership to the SEC and to the NYSE. Specific due dates for these reports have been established and Federated is required to report in this Information Statement any failure to file by these dates. Based on a review of any Forms 3 and 4 (and amendments) furnished to Federated during, and Forms 5 (and amendments) furnished to Federated with respect to, the fiscal year ended December 31, 2017, all reports required by Section 16(a) of the Exchange Act during the fiscal year were timely filed, except as follows: With respect to Mr. J. Christopher Donahue, four Forms 4 were filed late to report the acquisition or disposition of gifts by two revocable trusts for which Mr. Donahue served as trustee. Form 4 was later filed for all of these transactions during the fiscal year ended December 31, 2017. With respect to Mr. Gordon J. Ceresino, Form 4 was not timely filed for a gift made to the Ceresino Family Trust on March 27, 2015. Form 4 was later filed for this transaction during the fiscal year ended December 31, 2017.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Ernst & Young LLP served as the independent registered public accounting firm for 2017 and continues to serve as the independent registered public accounting firm for Federated. AUDIT COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee has adopted a policy for pre-approval of all audit, audit-related, tax and other services, classified as All Other Services, to be performed by Federated's independent registered public accounting firm, subject to the de minimis exception for non-audit services described in Section 10A(i)(1) subparagraph (B) of the Exchange Act. The policy was adopted in order to ensure that the provision of these services does not impair the auditor's independence. The Audit Committee annually, or more frequently (if necessary), reviews and pre-approves the services that may be provided by the independent registered public accounting firm. Unless a type of service to be provided by the independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee. The Audit Committee will revise the list of general pre-approved services from time to time, based upon subsequent determinations. The term of the general pre-approval is twelve months from the date of pre-approval, unless specifically provided otherwise. The Audit Committee will waive the pre-approval requirement with respect to the provision of non-audit services if: (i) the aggregate amount of all such non-audit services provided constitutes not more than five percent of the total amount of fees paid by Federated to its independent registered public accounting firm during the fiscal year in which the services are provided; (ii) such services were not recognized by Federated at the time of engagement of the independent registered public accounting firm to be non-audit services; and (iii) such services are promptly brought to the attention of the Audit Committee (or its delegate) and approved prior to the completion of the audit. The Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee. The Chairman of the Audit Committee reports any pre-approval decisions to the Audit Committee at its scheduled meetings. All fees paid to Ernst & Young LLP for the years ended December 31, 2017 and 2016 were pre-approved by the Audit Committee in accordance with this policy.

APPROVAL OF AN INCREASE IN SHARES OF COMMON STOCK AVAILABLE FOR ISSUANCE UNDER THE STOCK INCENTIVE PLAN

The Board of Directors believes that the availability of restricted stock, stock options and other stock-based incentives under Federated's Stock Incentive Plan is important to Federated's ability to attract and retain outstanding individuals. As of December 31, 2017, out of a total of 27,050,000 shares of Class B Common Stock reserved for issuance under the Stock Incentive Plan, only 1,661,669 shares remained available for grant. The Board of Directors believes additional shares will be needed under the Stock Incentive Plan to provide appropriate incentives to attract and retain outstanding individuals as

directors, executive officers and key employees. Accordingly, on February 22, 2018, the Board of Directors approved an amendment to the Stock Incentive Plan, subject to shareholder approval, to reserve an additional 3,500,000 shares of Class B Common Stock for the Stock Incentive Plan, thereby increasing the total number of shares reserved for issuance under the Stock Incentive Plan from 27,050,000 to 30,550,000 shares.

Summary of the Stock Incentive Plan

The following summary of the Stock Incentive Plan is qualified in its entirety by reference to the complete text of the Stock Incentive Plan attached as Exhibit A.

Purpose. The purpose of the Stock Incentive Plan is to continue to promote the long-term growth and performance of Federated and its affiliates and to attract and retain outstanding individuals using stock-based awards.

Stock Incentive Plan. All outside directors and salaried employees of Federated and its affiliates are eligible to participate in the Stock Incentive Plan (currently 1,405 eligible participants). The Stock Incentive Plan permits the granting of any or all of the following types of awards: (1) stock options, including nonqualified stock options ("NSOs") and incentive stock options ("ISOs"); (2) stock appreciation rights ("SARs"), in tandem with stock options or freestanding; (3) performance awards conditioned upon meeting performance objectives; (4) restricted stock; and (5) other awards valued in whole or in part by reference to, or otherwise based on, Class B Common Stock, including awards of immediately vested and unrestricted Class B Common Stock. In connection with any award, payment representing dividends or interest or their equivalent may be made to Stock Incentive Plan participants. The number of persons who currently hold awards under the Stock Incentive Plan is approximately 281.

Term. The Stock Incentive Plan was adopted as of February 20, 1998, was most recently approved by the holder of the Class A Common Stock on April 28, 2016, and was most recently amended on February 22, 2018 by the Board, and such amended Stock Incentive Plan is subject to further approval by the holder of the Class A Common Stock. The Stock Incentive Plan does not have a fixed expiration date but may be terminated by the Board at any time.

Shares Subject to Stock Incentive Plan. Currently, a total of 27,050,000 shares of Class B Common Stock may be issued under the Stock Incentive Plan. All of the shares are available for the grant of ISOs. Currently, no participant shall receive awards in respect of more than 900,000 shares of Class B Common Stock in any fiscal year of Federated. The aggregate fair market value (determined on the date of the grant) of shares of Class B Common Stock with respect to which ISOs granted to a participant become exercisable for the first time in any single calendar year will not exceed \$100,000. In addition, shares issued by Federated as a result of the assumption or substitution of outstanding grants of an acquired company or entity will not reduce the shares available for grant under the Stock Incentive Plan. The shares of stock deliverable under the Stock Incentive Plan may consist of authorized and unissued shares, treasury shares, or any combination thereof. If any shares subject to any award are forfeited, or the award is otherwise terminated without issuance of shares or other consideration, the shares subject to such awards will again be available for grant under the Stock Incentive Plan. As of February 28, 2018, the closing price of a share of Class B Common Stock was \$32.58.

Administration. The Stock Incentive Plan is administered by the Compensation Committee. The Compensation Committee has full authority to make awards under the Stock Incentive Plan, to determine the terms and conditions of such awards, and to interpret and make all other determinations affecting the Stock Incentive Plan, subject to the provisions of the Stock Incentive Plan and direction by the Board. The Compensation Committee may delegate some or all of its authority and responsibility under the Stock Incentive Plan. The Compensation Committee has delegated its full power and authority under the Stock Incentive Plan to the Chief Executive Officer with respect to all employees other than those subject to Section 16 of the Exchange Act.

Stock Options. Options may be granted, from time to time, to participants determined by the Compensation Committee on such terms, not inconsistent with the Stock Incentive Plan, as the Compensation Committee may determine; provided, however, that, unless permitted by the Tax Code, ISOs may not be granted to a participant who is an outside director. The exercise price per share of Class B Common Stock of stock options granted to a participant is determined by the Compensation Committee as of the date of grant; provided, however, that (i) in the case of ISOs granted to a participant who on the grant date is not a more than 10% shareholder of Federated ("Ten Percent Holder"), such price shall not be less than 100% of the fair market value of a share of Class B Common Stock on the grant date, (ii) in the case of an ISO granted to a participant who on the grant date is a Ten Percent Holder, such price shall not be less than 110% of the fair market value of a share of Class B Common Stock on the grant date, and (iii) in the case of NSOs such price shall not be less than 85% of the fair market value of a share of Class B Common Stock on the grant date. The term of each such option, the time or times when it may be exercised, and the other applicable terms and conditions will be fixed by the Compensation Committee. Options may be exercised by payment of the purchase price in cash or, at the discretion of the Compensation Committee, in shares of Class B Common Stock having a fair market value on the date the option is exercised equal to the option exercise price or in such other manner as the Compensation Committee may approve. Federated does not currently issue ISOs to its executive officers or its other employees. The only participants holding ISOs under the Stock Incentive Plan are an outside director and a former outside director (see footnote (2) to the 2017 Directors Compensation Table).

Stock Appreciation Rights. A SAR may be granted in connection with an option or independent of an option. Upon exercise of a SAR, the holder thereof is entitled to receive the excess of the fair market value of the shares for which the right

will be exercised over the grant price of the SAR. The grant price (which will not be less than 100% of the fair market value of the shares on the date of grant) and other terms of the SAR will be determined by the Compensation Committee. Payment by Federated upon such exercise will be in cash.

Performance Awards. Performance awards are grants of shares of Class B Common Stock subject to the attainment of performance objectives established by the Compensation Committee in connection with such grants and such other terms and conditions as the Compensation Committee shall determine. In addition to other or different performance goals, objectives, terms and conditions that the Compensation Committee shall determine, the performance goal for executive officer awards generally selected by the Compensation Committee is Operating Profits. (Please see “Compensation Discussion and Analysis” under the heading “Bonuses”, the “Narrative Disclosure to 2017 Summary Compensation Table”, and “2017 Grants of Plan-Based Awards Table” in this Information Statement for a further discussion of the Operating Profits performance goal.) Except as otherwise determined by the Compensation Committee, recipients of performance awards will not be required to provide consideration other than the rendering of services. Subject to the provisions of the applicable award agreement, during the performance period, dividends and other distributions with respect to shares covered by a performance award shall, in the discretion of the Compensation Committee, either be paid to the recipient or held in escrow by Federated and paid when the performance award is earned.

Restricted Stock. Awards of shares subject to restrictions such as vesting and otherwise as the Compensation Committee may determine may be made from time to time to participants as selected by the Compensation Committee. Restricted stock may not be disposed of by the recipient until the lapse of certain restrictions established by the Compensation Committee. Upon termination of employment of the participant during the restriction period, all restricted stock not then vested will be forfeited, subject to such exceptions, if any, authorized by the Compensation Committee. Except as otherwise determined by the Compensation Committee, recipients of restricted stock are not required to provide consideration other than the rendering of services. Recipients will have, with respect to restricted stock, all of the rights of a shareholder of Federated including the right to receive any dividends to the extent permitted by applicable law, unless the Compensation Committee determines otherwise.

Other Stock-Based Awards. In order to enable Federated to respond quickly to significant legislative and regulatory developments and to trends in executive compensation practices, the Compensation Committee will also be authorized to grant to participants, either alone or in addition to other awards granted under the Stock Incentive Plan, awards of stock and other awards that are valued in whole or in part by reference to, or are otherwise based on, shares of Class B Common Stock (“other stock-based awards”). Such awards can include awards of shares of Class B Common Stock without any terms or conditions such as an Award of immediately vested shares of Class B Common Stock.

The Compensation Committee will determine the participants to whom other stock-based awards are to be made, the times at which such awards are to be made, the number of shares to be granted pursuant to such awards and all other conditions of such awards. The provisions of such awards need not be the same with respect to each recipient.

Nonassignability of Awards. The Stock Incentive Plan provides that no award granted under the Stock Incentive Plan may be sold, exchanged, assigned, transferred, pledged or otherwise encumbered by a participant except in limited circumstances as outlined in the Stock Incentive Plan. Notwithstanding anything to the contrary contained in the Stock Incentive Plan, an award may be transferred to a “family member” as defined in and pursuant to the terms and conditions set forth in Section A.1.a.5 of the General Instructions to Form S-8, and on such terms and conditions as may be determined by the Compensation Committee. Each award will be exercisable, during the participant's lifetime, only by the participant, or if permissible under applicable law, by the participant's agent, guardian or attorney-in-fact.

Adjustments. The Stock Incentive Plan provides that the aggregate number of shares of Common Stock which may be awarded under the Stock Incentive Plan and the terms of outstanding awards shall be adjusted by the Compensation Committee to reflect a change in the capitalization of the Company including, but not limited to, a stock dividend or split, recapitalization, reorganization, merger, consolidation, combination, exchange of shares, spin-off, spin-out or other distribution of assets to shareholders.

The Compensation Committee is authorized to make adjustments in performance award criteria or in the terms and conditions of other awards in recognition of unusual or non-recurring events affecting Federated or its financial statements or changes in applicable laws, regulations or accounting principles; provided that no such adjustment shall impair the rights of any participant without such participant's consent. The Compensation Committee will be able to correct any defect, supply any omission or reconcile any inconsistency in the Stock Incentive Plan or any award in the manner and to the extent it shall deem desirable to carry it into effect.

Special Forfeiture Rule. The Compensation Committee is authorized to impose additional forfeiture restrictions with respect to awards granted under the Stock Incentive Plan including, without limitation, provisions for forfeiture in the event a participant shall engage in competition with Federated or in any other circumstance the Compensation Committee may determine.

Federal Income Tax Consequences

The following is a general summary of the principal federal income tax consequences of certain awards under the Stock Incentive Plan as of the date of this Information Statement, and is based upon an interpretation of present federal tax laws and regulations and may be inapplicable if such laws and regulations are changed. This summary is not intended to be exhaustive or constitute tax advice and does not describe state, local or foreign tax consequences. To the extent any awards under the Stock Incentive Plan are subject to Section 409A of the Code, the following description assumes that such awards will be designed to conform to the requirements of Section 409A of the Code and the regulations promulgated thereunder (or an exception thereto). The Stock Incentive Plan is not subject to the protective provisions of the Employee Retirement Income Security Act of 1974 and is not qualified under Code Section 401(a).

IRS Circular 230 disclosure: To ensure compliance with requirements imposed by the IRS, be advised that any U.S. federal tax advice contained in this communication (including any attachments) is not intended or written to be used, and cannot be used, for the purpose of (i) avoiding penalties under the Internal Revenue Code, or (ii) promoting, marketing or recommending to another party any transaction or matter addressed herein.

Nonqualified Stock Options and SARs. In general, an optionee will not recognize income at the time a NSO is granted. Rather, at the time of exercise, the optionee will recognize ordinary income in an amount equal to the difference between the option price paid for the shares and the fair market value of the shares on the date of exercise. If the exercise price of an NSO is paid in whole or in part in shares of Class B Common Stock, the tax results to the optionee are (i) a tax-free exchange of previously-owned shares for an equivalent number of new shares and (ii) the realization of ordinary income in an amount equal to the fair market value on the date of exercise of any additional shares received in excess of the number exchanged. At the time of sale of shares acquired pursuant to the exercise of an NSO, any appreciation (or depreciation) in the value of the shares after the date of exercise generally will be treated as capital gain (or loss). Federated is generally entitled to a tax deduction in an amount equal to the compensation income recognized by the optionee. This deduction is allowed in Federated's taxable year in which the income is included as compensation to the optionee.

SARs are treated very similarly to nonqualified stock options for tax purposes. A participant receiving a SAR will not normally recognize any taxable income upon the grant of the SAR. Upon the exercise of the SAR, the participant will recognize compensation taxable as ordinary income equal to either: (i) the cash received upon the exercise or (ii) if Class B Common Stock is received upon the exercise of the stock appreciation right, the fair market value of the Class B Common Stock received. Federated is generally entitled to a tax deduction in an amount equal to the compensation income recognized by the participant.

Incentive Stock Options. Options issued under the Stock Incentive Plan and designated as ISOs are intended to qualify under Code Section 422. Under the provisions of Code Section 422 and the regulations promulgated thereunder, an optionee will not be required to recognize any income for federal income tax purposes at the time of grant of an ISO, nor is Federated entitled to any deduction. The exercise of an ISO also is not a taxable event, although the difference between the option price and the fair market value of the option stock on the date of exercise is an item of tax preference for purposes of the alternative minimum tax.

The taxation of gain or loss upon the sale of shares acquired upon exercise of an ISO depends, in part, on whether the stock is held for at least two years from the date the option was granted and at least one year from the date the stock was transferred to the optionee. If shares issued to an optionee upon the exercise of an ISO are not disposed of prior to satisfying the holding period requirements, then upon the sale of the shares any amount realized in excess of the option price generally will be taxed to the optionee as long-term capital gain and any loss sustained will be a long-term capital loss. If shares acquired upon the exercise of an ISO are disposed of prior to satisfying the holding period requirements described above (a "disqualifying disposition"), the optionee generally will recognize ordinary income in the year of disposition in an amount equal to any excess of the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares) over the option price paid for the shares. Any further gain (or loss) realized by the optionee generally will be taxed as short-term or long-term capital gain (or loss) depending on the holding period. If the optionee recognizes ordinary income upon a disqualifying disposition, Federated generally will be entitled to a tax deduction in the same amount. Subject to certain exceptions for death or disability, if an optionee exercises an ISO more than three months after termination of employment, the exercise of the option will be taxed as the exercise of a NSO.

Performance Awards. A participant generally will not recognize income upon the grant of a performance award. Upon payment of the performance award, the participant will recognize ordinary income in an amount equal to the cash received or, if the performance award is payable in Class B Common Stock, the fair market value of the Common Stock received. When the participant recognizes ordinary income upon payment of a performance award, Federated will generally be entitled to a tax deduction in the same amount.

Restricted Stock. Upon the grant of restricted stock, the participant will not normally recognize taxable income and Federated will not be allowed a tax deduction. Rather, on the dates when restricted stock vests, the participant will recognize ordinary income equal to the fair market value of the stock on that date (less the price paid, if any, for such stock). Alternatively, the participant may elect (commonly referred to as a Section 83(b) election), within 30 days after the grant of restricted stock, to recognize ordinary income at the time of the grant, in which event the amount of such ordinary income will be equal to the fair market value of the stock on the date of grant (less the price paid, if any, for such stock), even though the stock is not vested and remains subject to forfeiture. When the vesting and the forfeiture restrictions lapse, no additional income is includable in gross income at that time. Rather, subsequent appreciation in the value of the stock will be taxed as capital gain or loss upon the sale of such stock. If, however, the stock is forfeited prior to becoming vested or for failure to meet the performance measure event (if any), the tax paid in connection with making an 83(b) election is not directly recoverable. If a Section 83(b) election has not been made, any dividends received with respect to the restricted stock prior to the dates the restricted stock vests will be treated as additional compensation that is taxable as ordinary income to the participant. In either event, at the time the participant recognizes income with respect to the restricted stock, Federated is generally entitled to a deduction in an equal amount.

Unrestricted Stock. The tax consequences of receiving unrestricted shares of Class B Common Stock pursuant to an award under the Stock Incentive Plan is similar to receiving cash compensation. If the shares of Class B Common Stock are unrestricted (*i.e.*, not subject to a substantial risk of forfeiture), the participant must recognize ordinary income equal to the fair market value of the Class B Common Stock received less any amount paid for such stock and Federated is generally entitled to a deduction in an equal amount.

Compliance with Section 162(m); Consequences of Change of Control. It is Federated's intent that compensation payable pursuant to awards (other than awards of Restricted Stock which vest based solely on continued employment) to "covered employees" as such term is defined in Regulation 1.162-27(c)(2) promulgated under Section 162(m) of the Code, or any successor provision, qualify as "performance-based compensation" as defined in Regulation 1.162-27(e) under Section 162(m).

For future awards, the Compensation Committee reviewed the 2017 Tax Act, which was signed into law on December 22, 2017, as well as the terms of the Annual Incentive Plan, and determined, based on management's recommendation after consulting with tax counsel, that the achievement of the performance goal under the Annual Incentive Plan will not be a condition precedent for future awards, but instead will be a factor that the Committee can consider in determining whether the awards are earned. For taxable years beginning after December 31, 2017, among other changes, the 2017 Tax Act: (1) eliminated the exception for performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended ("Code"), so all performance and non-performance based compensation paid to a covered employee that is greater than \$1 million per year will be non-deductible; (2) expanded the definition of "covered employee" to include the principal financial officer (e.g., Chief Financial Officer) in addition to the principal executive officer (e.g., Chief Executive Officer) and the next three highest compensated officers; and (3) provided that an employee who qualifies as a "covered employee" at any time on or after January 1, 2017, will always remain a "covered employee" (even after termination of employment). These non-deductibility rules also apply to a covered employee's beneficiary (e.g., payments made after termination of employment, including death). With these changes, any compensation (including performance-based compensation) in excess of \$1 million that is paid to a covered employee will be non-deductible. As a result, the Committee took into consideration the fact that performance-based compensation arrangements can be structured without regard to the technical and prescription requirements of Code Section 162(m) and Treasury Regulation 1.162-27. For future awards, the Compensation Committee also determined, based upon management's recommendation after consulting with tax counsel and after reviewing the 2017 Tax Act changes and the Annual Incentive Plan, that it has the discretion, in appropriate circumstances, to increase, reduce or eliminate a bonus. None of the determinations that the Compensation Committee made upon considering the 2017 Tax Act and the Annual Incentive Plan were intended to modify or otherwise effect in any way any remuneration provided pursuant to a written binding contract in effect as of November 2, 2017. As a general matter, the changes to Code Section 162(m) effected by the 2017 Tax Act apply to taxable years beginning after December 31, 2017 (*i.e.*, from January 1, 2018 forward); however, remuneration provided pursuant to a written binding contract in effect as of November 2, 2017, and which has not thereafter been modified in any material respect, can be grandfathered under the 2017 Tax Act and continue to be deductible (assuming compliance with other relevant requirements of former Code Section 162(m)). After consulting with Federated's independent registered public accounting firm and tax counsel, management advised the Committee that based on Federated's plans, agreements and practices, management believes that past performance-based compensation awards would be eligible to be grandfathered and continue to be deductible (absent additional guidance being promulgated that would result in a different conclusion).

If any provision of the Stock Incentive Plan or an award is later found to make compensation intended to be performance-based compensation ineligible for its intended treatment, the provision shall be deemed null and void, unless otherwise determined by the Committee. In addition, if a change of control of Federated causes awards under the Stock Incentive Plan to accelerate vesting, the participants could, in some cases, be considered to have received "excess parachute payments," which could subject participants to a 20% excise tax on the excess parachute payments and could result in a disallowance of Federated's deductions under Code Section 280G.

Section 409A of the Internal Revenue Code. Notwithstanding anything to the contrary contained in the Stock Incentive Plan or in any award agreement, if any award or benefit is subject to the provisions of Section 409A of the Code, the provisions of the Stock Incentive Plan and any applicable award agreement shall be administered, interpreted, and construed to comply with Section 409A of the Code or an exception hereto. Federated will not be liable to any participant (or other person) due to the failure of any award to satisfy the requirements of Section 409A of the Code.

The Plan is designed to: (i) further align the interests of Participants with the interests of the Company's shareholders, (ii) reward Participants for creating shareholder value as measured by objectively determinable performance goals, and (iii) assist in the attraction and retention of employees vital to the Company's long-term success.

In the event that the Common Stock is not listed on the New York Stock Exchange, a national securities exchange or NNM, and is not listed for quotation on The NASDAQ Stock Market or

The NASDAQ Small Cap Market, Fair Market Value shall be determined in good faith by the Committee in its sole discretion, and for this purpose the Committee shall be entitled to rely on the opinion of a qualified appraisal firm with respect to such Fair Market Value, but the Committee shall in no event be obligated to obtain such an opinion in order to determine Fair Market Value.

To the extent consistent with Section 162(m) of the Code and the regulations promulgated thereunder and unless otherwise determined by the Committee at the time the Performance Goals are established, the Committee, in applying the Performance Goals, shall exclude the effect of any of the following events that occur during a Performance Period: the impairment of tangible or intangible assets; litigation or claim judgments or settlements; changes in tax law, accounting principles or other such laws or provisions affecting reported results; business combinations, reorganizations and/or restructuring programs that have been approved by the Board; reductions in force and early retirement incentives; and any extraordinary, unusual, infrequent or non-recurring items separately identified in the financial statements and/or notes thereto in accordance with generally accepted accounting principles.

- (l) "Performance Period" means, in relation to any award, the calendar year, or other period of 12 months or less for which a Participant's performance is being calculated with each such period constituting a separate Performance Period.

1.3 Administration

(a) The Plan shall be administered by the Committee. Subject to the terms of the Plan, the Committee shall, among other things, have full authority and discretion to determine eligibility for participation in the Plan, make awards under the Plan, establish the terms and conditions of such awards (including the Performance Goal(s) and Performance Measure(s) to be utilized) and determine whether the Performance Goals applicable to any Performance Measures for any award have been achieved. The Committee's determinations under the Plan need not be uniform among all Participants, or classes or categories of Participants, and may be applied to such Participants, or classes or categories of Participants, as the Committee, in its sole and absolute discretion, considers necessary, appropriate or desirable. The Committee is authorized to interpret the Plan, to adopt administrative rules, regulations, and guidelines for the Plan, and may correct any defect, supply

any omission or reconcile any inconsistency or conflict in the Plan or in any award. All determinations by the Committee shall be final, conclusive and binding on the Company, the Participant and any and all interested parties.

(b) Subject to the provisions of the Plan, the Committee will have the authority and discretion to determine the extent to which awards under the Plan will be structured to conform to the requirements applicable to performance-based compensation as described in Section 162(m) of the Code, and to take such action, establish such procedures, and impose such restrictions at the time such awards are granted as the Committee determines to be necessary or appropriate to conform to such requirements. The Committee may, with respect to Participants whom the Committee determines are not likely to be subject to Section 162(m) of the Code, delegate such of its powers and authority under the Plan to the Company's Chairman, President or Chief Executive Officer as it deems appropriate. In the event of such delegation, all references to the Committee in this Plan shall be deemed references to such officers as it relates to those aspects of the Plan that have been delegated.

(c) Notwithstanding any provision of the Plan to the contrary, if any benefit provided under this Plan is subject to the provisions of Section 409A of the Code and the regulations issued thereunder, the provisions of the Plan shall be administered, interpreted and construed in a manner necessary to comply with Section 409A, the regulations issued thereunder or an exception thereto (or disregarded to the extent such provision cannot be so administered, interpreted, or construed.) In no event shall any member of the Board, the Committee or the Company (or its employees, officers or directors) have any liability to any Participant (or any other Person) due to the failure of an Award to satisfy the requirements of Section 409A.

1.4 Eligibility and Participation

Participation in the Plan shall be limited to officers (who may also be members of the Board) who are determined by the Committee to be eligible for participation in the Plan and, unless otherwise determined by the Committee, the Chairman of the Board, the Chief Executive Officer and any executive who is a member of the Board or is designated as a member of the Chief Executive Officer's senior staff shall be eligible to participate in the Plan.

ARTICLE II - AWARD TERMS

2.1 Granting of Awards

The Committee may, in its discretion, from time to time make awards to persons eligible for participation in the Plan pursuant to which the Participant may earn compensation. The amount of a Participant's award may be based on such methods as may be established by the Committee. Each award shall be communicated to the Participant, and shall specify, among other things, the terms and conditions of the award and the Performance Goals to be achieved. The maximum amount of an award that may be earned under the Plan by any Participant for any Performance Period shall not exceed USD \$6,000,000.

2.2 Establishment of Performance Goals

With respect to awards that are intended to be performance-based compensation under Section 162(m) of the Code, each award shall be conditioned upon the Company's achievement of one or more Performance Goals with respect to the Performance Measure(s) established by the Committee. No later than ninety (90) days after the beginning of the applicable Performance Period, the Committee shall establish in writing the Performance Goals, Performance Measures and the method(s) for computing the amount of compensation which will be payable under the Plan to each Participant if the Performance Goals established by the Committee are attained; provided, however, that for a Performance Period of less than one year, the Performance Measure must be established prior to the lapse of 25% of the Performance Period. In addition to establishing a minimum performance level below which no compensation shall be payable pursuant to an award, the Committee, in its discretion, may create a performance schedule under which an amount less than or more than a target award may be paid so long as the Performance Goals have been exceeded.

2.3 Other Award Terms

The Committee, in its sole discretion, may also establish such additional restrictions or conditions that must be satisfied as a condition precedent to the payment of all or a portion of any awards. Such additional restrictions or conditions need not be performance-based and may include, among other things, the receipt by a Participant of a specified annual performance rating, the continued employment by the Participant and/or the achievement of specified performance goals by

the Company, business unit or Participant. Furthermore and notwithstanding any provision of this Plan to the contrary, the Committee, in its sole discretion, may reduce the amount of any award to a Participant if it concludes that such reduction is necessary or appropriate based upon: (i) an evaluation of such Participant's performance; (ii) comparisons with compensation received by other similarly situated individuals working within the Company's industry; (iii) the Company's financial results and conditions; or (iv) such other factors or conditions that the Committee deems relevant. Notwithstanding any provision of this Plan to the contrary, the Committee shall not use its discretionary authority to increase any award that is intended to be performance-based compensation under Section 162(m) of the Code.

2.4 Certification of Achievement of Performance Goals

The Committee shall, prior to any payment under the Plan, certify in writing the extent, if any, that the Performance Goal(s) and any other material terms have been achieved. For purposes of this provision, and for so long as the Code permits, the approved minutes of the Committee meeting in which the certification is made may be treated as written certification.

2.5 Distribution of Awards

Awards shall be paid as promptly as practicable (but in no event later than 2½ months after the close of the fiscal year in which the Performance Period ends) after the Committee has certified in writing the extent to which the applicable Performance Goals and any other material terms have been achieved. Notwithstanding the foregoing, the Committee may, in its sole discretion: (i) determine whether, to what extent, and under what additional circumstances amounts payable with respect to an award under the Plan shall be deferred either automatically, at the election of the Participant, or by the Committee; (ii) permit a Participant to elect to receive, in lieu of receiving cash, all or a portion of the total award value in the form of Common Stock, restricted Common Stock, non-qualified stock options to purchase Common Stock, or such other stock-based award as maybe authorized by the Committee; and (iii) satisfy the payment of all or a portion of the total award value in the form of Common Stock, restricted Common Stock, non-qualified stock options to purchase Common Stock, or such other stock-based award as may be authorized by the Committee. Any stock-based award granted as payment of an award shall be granted pursuant to the Federated Investors, Inc. Stock Incentive Plan or any successor thereto; provided, however, that any non-qualified stock option to purchase Common Stock shall have an exercise price equal to the Fair Market Value of the Common Stock on the date of grant. The number of stock options to be granted shall be determined by the Committee and shall be based upon the value of the options as determined under the Black-Scholes option-pricing model or such other option valuation model or calculation that the Committee, in its sole discretion, shall determine is appropriate. The number of any other stock-based awards to be granted shall be determined by such methods or procedures as the Committee, in its sole discretion, shall determine is appropriate.

2.6 Termination of Employment

Unless otherwise determined by the Committee, Participants who have terminated employment with the Company for any reason prior to the actual payment of an award, shall Forfeit any and all rights to payment under any awards then outstanding under the terms of the Plan and the award. Because such a Participant will not be employed on the payment date, such Participant shall not have earned the award or fulfilled a condition precedent to the receipt of the award.

ARTICLE III - OTHER PROVISIONS

3.1 Withholding Taxes

Whenever the Company is required to satisfy income or employment tax withholding requirements with respect to an award under the Plan, the Company shall have the right to withhold from the payment of any such award, or require the Participant to remit to the Company prior to or contemporaneous with the payment of any such award, an amount sufficient to satisfy any applicable governmental withholding tax requirements related thereto and such other deductions as may be authorized by the Participant or as required by applicable law.

3.2 Adjustments

Awards may be adjusted by the Committee in the manner and to the extent it determines to be appropriate to reflect stock dividends, stock splits, recapitalizations, reorganizations, mergers, consolidations, combinations, exchanges, reclassifications or other relevant changes in capitalization occurring after the date of the award; provided, however, that the Committee may not make any such adjustment with respect to any award to an individual who is then a "covered employee"

as such term is defined in Regulation 1.162-27(c)(2) promulgated under Section 162(m) of the Code, or any successor provision, if such adjustment would cause compensation pursuant to such award to cease to be performance-based compensation under Section 162(m).

3.3 No Right to Employment

Nothing contained in the Plan or in any award shall confer upon any Participant any right with respect to continued employment with the Company or its subsidiaries or affiliates, nor interfere in any way with the right of the Company or its subsidiaries or affiliates to at any time reassign the Participant to a different job, change the compensation of the Participant or terminate the Participant's employment for any reason.

3.4 Nontransferability

A Participant's rights under the Plan, including the right to amounts payable may not be assigned, pledged, or otherwise transferred except, in the event of a Participant's death, to the Participant's designated beneficiary or, in the absence of such a designation, by will or by the laws of descent and distribution.

3.5 Unfunded Plan

The Plan is not funded and all awards payable hereunder shall be paid from the general assets of the Company. No provision contained in this Plan and no action taken pursuant to the provisions of this Plan shall create a trust of any kind or require the Company to maintain or set aside any specific funds to pay benefits hereunder. To the extent a Participant acquires a right to receive payments from the Company under the Plan, such right shall be no greater than the right of any unsecured general creditor of the Company.

3.6 Foreign Jurisdictions

The Committee shall have the authority to adopt, amend, or terminate such arrangements, not inconsistent with the intent of the Plan, as it may deem necessary or desirable to make available tax or other benefits of the laws of foreign countries in order to promote achievement of the purposes of the Plan.

3.7 Other Compensation Plans

Nothing contained in this Plan shall prevent the Company from adopting other or additional compensation arrangements for employees of the Company, including arrangements that are not intended to comply with Section 162(m) of the Code.

3.8 Governing Law

The Plan shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania, without giving effect to its conflict of law provisions.

ARTICLE IV - AMENDMENT AND TERMINATION

The Board of Directors may modify, amend, or terminate the Plan at any time; provided, however, that no such modification, amendment or termination shall, without the consent of the Participant, materially adversely affect the rights of such Participant to any payment that has been determined by the Committee to be due and owing to the Participant under the Plan but not yet paid.

Notwithstanding the foregoing or any provision of the Plan to the contrary, the Committee may at any time (without the consent of the Participant) modify, amend or terminate any or all of the provisions of this Plan to the extent necessary to conform the provisions of the Plan with Section 409A or Section 162(m) of the Code or the regulations promulgated thereunder regardless of whether such modification, amendment, or termination of the Plan shall adversely affect the rights of a Participant under the Plan.

ARTICLE V - EFFECTIVE DATE

The Plan, as amended, shall become effective immediately upon the approval and adoption thereof by the Board; provided, however, that no award intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code shall be payable prior to approval of the Plan's material terms by the Company's shareholders.
