

What is the MMDT Short Term Bond Portfolio?

MMDT is the state sponsored investment pool offered by the Commonwealth of Massachusetts to its public entities. The MMDT Short Term Bond Portfolio invests in short-term fixed-income securities that seek to generate long-term performance exceeding the Bloomberg 1-5 Year Government/Credit Index. This state offered program is managed and serviced by Federated Hermes, Inc. one of the nation's leading investment managers. Thirty seven states rely on Federated Hermes for some form of liquidity management.

Bond prices are sensitive to changes in interest rates, and a rise in interest rates can cause a decline in their prices. An investment in the Short Term Bond Portfolio is not a deposit of a bank and is neither insured nor guaranteed by the Commonwealth of Massachusetts or the US government, the Federal Deposit Insurance Corporation (FDIC) or any other government agency. The Portfolio's yield will vary from day to day based on changes in interest rates and market changes. Diversification does not assure a profit nor protect against loss.
