¹ **You could lose money by investing in the fund. Although the fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. An investment in the fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The fund's sponsor has no legal obligation to provide financial support to the fund, and you should not expect that the sponsor will provide financial support to the fund at any time.**

² Consult your tax advisor regarding the status of your account under state and local tax laws. Income is subject to federal income tax.

³ **You could lose money by investing in the fund. Because the share price of the fund will fluctuate, when you sell your shares they may be worth more or less than what you originally paid for them. The fund may impose a fee upon the sale of your shares or may temporarily suspend your ability to sell shares if the fund's liquidity falls below required minimums because of market conditions or other factors. An investment in the fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The fund's sponsor has no legal obligation to provide financial support to the fund, and you should not expect that the sponsor will provide financial support to the fund at any time.**

⁴ This fund is on the National Association of Insurance Commissioner's list as a U.S. Direct Obligations/ Full Faith & Credit listing. This designation denotes that the fund meets certain quality and pricing guidelines such as: have a rating of AAA m or Aaa-mf by a Nationally Recognized Statistical Rating Organization (NRSRO), maintain a constant NAV \$1.00 at all times, allow a maximum 7-day redemption of proceeds, invest 100% in U.S. government securities. This is subject to an annual review.

⁵ Fund cut-off times are as of 9/30/20. These times are subject to change and should be verified within individual fund prospectuses.

⁶ Share class is not currently on the NAIC List.

⁷ Available only to Intermediaries that may require a separate CUSIP for operational purposes.

⁸ The fund's investment advisor normally will invest assets entirely in securities whose interest is not subject to (or not a specific preference item for purposes of) the AMT, such that, normally, distributions of annual interest income also are exempt from the AMT. However, in certain circumstances to pursue the fund's investment objective, the Advisor may invest the fund's assets in securities that may be subject to the AMT. In such circumstances, interest from the fund's investments may be subject to the AMT. Consult your tax professional for more information.

An AAA m rating by Standard & Poor's is obtained after S&P evaluates a number of factors, including credit quality, market price exposure and management. Money market funds rated Aaa-mf by Moody's are judged to be of an investment quality similar to Aaa-rated fixed income obligations, that is, they are judged to be of the best quality. Fitch's money market fund ratings are an assessment of a money market fund's capacity to preserve principal and provide liquidity through limiting credit, market and liquidity risk. Ratings are based on an evaluation of several factors, including credit quality, diversification and maturity of assets in the portfolio, as well as management and operation capabilities. For more information on credit ratings, visit standardandpoors.com, moody.com and fitchratings.com.
