*(formerly, Federated Capital Reserves Fund)*

---

A Portfolio of Federated Hermes Money Market Obligations Trust  
*(formerly, Money Market Obligations Trust)*

---

### IMPORTANT NOTICE REGARDING REPORT DELIVERY

Beginning on January 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the Fund's shareholder reports like this one will no longer be sent by mail, unless you specifically request paper copies of the reports from the Fund or from your financial intermediary, such as a broker-dealer or bank. Instead, the reports will be made available on a website, and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from the Fund or your financial intermediary electronically by contacting your financial intermediary (such as a broker-dealer or bank); other shareholders may call the Fund at 1-800-341-7400, Option 4.

You may elect to receive all future reports in paper free of charge. You can inform the Fund or your financial intermediary that you wish to continue receiving paper copies of your shareholder reports by contacting your financial intermediary (such as a broker-dealer or bank); other shareholders may call the Fund at 1-800-341-7400, Option 4. Your election to receive reports in paper will apply to all funds held with the Fund complex or your financial intermediary.

*The Fund is a Retail Money Market Fund and is only available for investment to accounts beneficially owned by natural persons.*

*President*  
Federated Hermes  
Capital Reserves Fund

## Letter from the President

Dear Valued Shareholder,

I am pleased to present the Annual Shareholder Report for your fund covering the period from August 1, 2019 through July 31, 2020.

As we all confront the unprecedented effects of the coronavirus and the challenges it presents to our families, communities, businesses and the financial markets, I want you to know that everyone at Federated Hermes is dedicated to helping you successfully navigate the markets ahead. You can count on us for the insights, investment management knowledge and client service that you have come to expect. Please refer to our website, [FederatedInvestors.com](https://www.federatedinvestors.com), for timely updates on this and other economic and market matters.

Thank you for investing with us. I hope you find this information useful and look forward to keeping you informed.

Sincerely,

A handwritten signature in dark ink, appearing to read "J. Christopher Donahue". The signature is fluid and cursive, written in a professional style.

J. Christopher Donahue, President

- 4 *Also represents cost for federal tax purposes.*
- 5 *Assets, other than investments in securities, less liabilities. See Statement of Assets and Liabilities.*

Note: The categories of investments are shown as a percentage of total net assets at July 31, 2020.

Various inputs are used in determining the value of the Fund's investments. These inputs are summarized in the three broad levels listed below:

Level 1—quoted prices in active markets for identical securities.

Level 2—other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.). Also includes securities valued at amortized cost.

Level 3—significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments).

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

As of July 31, 2020, all investments of the Fund utilized Level 2 inputs in valuing the Fund's assets carried at fair value.

The following acronyms are used throughout this portfolio:

COL —Collateralized  
EDA —Economic Development Authority  
GTD —Guaranteed  
IDA —Industrial Development Authority  
IDB —Industrial Development Bond  
LIBOR —London Interbank Offered Rate  
LIQ —Liquidity Agreement  
LOC —Letter of Credit  
PCRB —Pollution Control Revenue Bonds  
VMTP —Variable Rate Municipal Term Preferred  
VRDNs—Variable Rate Demand Notes  
VRDPs —Variable Rate Demand Preferreds

# Notes to Financial Statements

July 31, 2020

## 1. ORGANIZATION

Federated Hermes Money Market Obligations Trust (the "Trust") is registered under the Investment Company Act of 1940, as amended (the "Act"), as an open-end, management investment company. The Trust consists of 20 portfolios. The financial statements included herein are only those of Federated Hermes Capital Reserves Fund (the "Fund"), a diversified portfolio. The financial statements of the other portfolios are presented separately. The assets of each portfolio are segregated and a shareholder's interest is limited to the portfolio in which shares are held. Each portfolio pays its own expenses. The investment objective of the Fund is to provide current income consistent with stability of principal and liquidity.

Prior to June 29, 2020, the name of the Trust and Fund were Money Market Obligations Trust and Federated Capital Reserves Fund, respectively.

The Fund operates as a retail money market fund. As a retail money market fund, the Fund: (1) will generally continue to use amortized cost to value its portfolio securities and transact at a stable \$1.00 net asset value (NAV); (2) has adopted policies and procedures reasonably designed to limit investments in the Fund to accounts beneficially owned by natural persons as required for a retail money market fund by Rule 2a-7 under the Act; and (3) has adopted policies and procedures to impose liquidity fees on redemptions and/or temporary redemption gates in the event that the Fund's weekly liquid assets were to fall below a designated threshold, if the Fund's Trustees determine such liquidity fees or redemption gates are in the best interest of the Fund.

## 2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. These policies are in conformity with U.S. generally accepted accounting principles (GAAP).

### Investment Valuation

Most securities are valued at amortized cost. Under the amortized cost valuation method, an investment is valued initially at its cost as determined in accordance with GAAP. The Fund then adjusts the amount of interest income accrued each day over the term of the investment to account for any difference between the initial cost of the investment and the amount payable at its maturity. If amortized cost is determined not to approximate fair value, the value of the portfolio securities will be determined in accordance with the procedures described below. There can be no assurance that the Fund could obtain the fair value assigned to an investment if it sold the investment at approximately the time at which the Fund determines its NAV per share, and the actual value obtained could be materially different.

The Fund's Board of Trustees (the "Trustees") have ultimate responsibility for determining the fair value of investments. The Trustees have appointed a valuation committee ("Valuation Committee") comprised of officers of the Fund, Federated Investment Management Company (the "Adviser") and certain of the Adviser's affiliated companies to assist in determining fair value of securities and in overseeing the comparison of amortized cost to market-based value. The Trustees have also authorized the use of pricing services recommended by the Valuation Committee to provide fair value evaluations of the current value of certain investments for purposes of monitoring the relationship of market-based value and amortized cost. The Valuation Committee employs various methods for reviewing third-party pricing-service evaluations including periodic reviews of third-party pricing services' policies, procedures and valuation methods (including key inputs and assumptions) and review of price challenges by the Adviser based on recent market activity. In the event that market quotations and price evaluations are not available for an investment, the Valuation Committee determines the fair value of the investment in accordance with procedures adopted by the Trustees. The Trustees periodically review and approve the fair valuations made by the Valuation Committee and any changes made to the procedures.

### **Repurchase Agreements**

The Fund may invest in repurchase agreements for short-term liquidity purposes. It is the policy of the Fund to require the other party to a repurchase agreement to transfer to the Fund's custodian or sub-custodian eligible securities or cash with a market value (after transaction costs) at least equal to the repurchase price to be paid under the repurchase agreement. The eligible securities are transferred to accounts with the custodian or sub-custodian in which the Fund holds a "securities entitlement" and exercises "control" as those terms are defined in the Uniform Commercial Code. The Fund has established procedures for monitoring the market value of the transferred securities and requiring the transfer of additional eligible securities if necessary to equal at least the repurchase price. These procedures also allow the other party to require securities to be transferred from the account to the extent that their market value exceeds the repurchase price or in exchange for other eligible securities of equivalent market value.

The insolvency of the other party or other failure to repurchase the securities may delay the disposition of the underlying securities or cause the Fund to receive less than the full repurchase price. Under the terms of the repurchase agreement, any amounts received by the Fund in excess of the repurchase price and related transaction costs must be remitted to the other party.

The Fund may enter into repurchase agreements in which eligible securities are transferred into joint trading accounts maintained by the custodian or sub-custodian for investment companies and other clients advised by the Adviser and its affiliates. The Fund will participate on a pro rata basis with the other investment companies and clients in its share of the securities transferred under such repurchase agreements and in its share of proceeds from any repurchase or other disposition of such securities.

Repurchase agreements are subject to Master Netting Agreements which are agreements between the Fund and its counterparties that provide for the net settlement of all transactions and collateral with the Fund, through a single payment, in the event of default or termination. Amounts presented on the Portfolio of Investments and Statement of Assets and Liabilities are not net settlement amounts but gross. As indicated above, the cash or securities to be repurchased, as shown on the Portfolio of Investments, exceeds the repurchase price to be paid under the agreements reducing the net settlement amount to zero.

### **Investment Income, Gains and Losses, Expenses and Distributions**

Investment transactions are accounted for on a trade-date basis. Realized gains and losses from investment transactions are recorded on an identified cost basis. Interest income and expenses are accrued daily. Distributions to shareholders are recorded on the ex-dividend date. Distributions of net investment income, if any, are declared daily and paid monthly. Amortization/accretion of premium and discount is included in investment income. The detail of the total fund expense waivers, reimbursement and reduction of \$11,472,285 is disclosed in various locations in Note 5 and Note 6.

Dividends are declared separately for each class. No class has preferential dividend rights; differences in per share dividend rates are generally due to differences in separate class expenses.

### **Other Service Fees**

The Fund may pay other service fees up to 0.25% of the average daily net assets of the Fund to unaffiliated financial intermediaries or to Federated Shareholder Services Company (FSSC) for providing services to shareholders and maintaining shareholder accounts. Subject to the terms described in the Expense Limitation note, FSSC may voluntarily reimburse the Fund for other service fees. In addition, unaffiliated third-party financial intermediaries may waive other service fees. This waiver can be modified or terminated at any time. For the year ended July 31, 2020, unaffiliated third-party financial intermediaries waived \$1,935,184 of other service fees.

### **Federal Taxes**

It is the Fund's policy to comply with the Subchapter M provision of the Internal Revenue Code and to distribute to shareholders each year substantially all of its income. Accordingly, no provision for federal income tax is necessary. As of and during the year ended July 31, 2020, the Fund did not have a liability for any uncertain tax positions. The Fund recognizes interest and penalties, if any, related to tax liabilities as income tax expense in the Statement of Operations. As of July 31, 2020, tax years 2017 through 2020 remain subject to examination by the Fund's major tax jurisdictions, which include the United States of America and the Commonwealth of Massachusetts.

### **When-Issued and Delayed-Delivery Transactions**

The Fund may engage in when-issued or delayed-delivery transactions. The Fund records when-issued securities on the trade date and maintains security positions such that sufficient liquid assets will be available to make payment for the securities purchased. Securities purchased on a when-issued or delayed-delivery basis are marked to market daily and begin earning interest on the settlement date. Losses may occur on these transactions due to changes in market conditions or the failure of counterparties to perform under the contract.

## Restricted Securities

The Fund may purchase securities which are considered restricted. Restricted securities are securities that either: (a) cannot be offered for public sale without first being registered, or being able to take advantage of an exemption from registration, under the Securities Act of 1933; or (b) are subject to contractual restrictions on public sales. In some cases, when a security cannot be offered for public sale without first being registered, the issuer of the restricted security has agreed to register such securities for resale, at the issuer's expense, either upon demand by the Fund or in connection with another registered offering of the securities. Many such restricted securities may be resold in the secondary market in transactions exempt from registration. Restricted securities may be determined to be liquid under criteria established by the Trustees. The Fund will not incur any registration costs upon such resales. Restricted securities are valued at amortized cost in accordance with Rule 2a-7 under the Act.

## Other

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts of assets, liabilities, expenses and revenues reported in the financial statements. Actual results could differ materially from those estimated. The Fund applies investment company accounting and reporting guidance.

## 3. SHARES OF BENEFICIAL INTEREST

The following table summarizes share activity:

Year Ended July 31	2020	2019
Shares sold	1,976,943,371	2,014,908,074
Shares issued to shareholders in payment of distributions declared	26,473,971	66,550,811
Shares redeemed	(1,720,835,686)	(2,272,124,378)
NET CHANGE RESULTING FROM FUND SHARE TRANSACTIONS	282,581,656	(190,665,493)

## 4. FEDERAL TAX INFORMATION

The tax character of distributions as reported on the Statement of Changes in Net Assets for the years ended July 31, 2020 and 2019, was as follows:

	2020	2019
Ordinary Income <sup>1</sup>	\$27,113,973	\$68,124,598

<sup>1</sup> For tax purposes, short-term capital gain distributions are considered ordinary income distributions.

As of July 31, 2020, the components of distributable earnings on a tax basis were as follows:

Capital Loss Deferrals	\$(8,844)
------------------------	-----------

## 5. INVESTMENT ADVISER FEE AND OTHER TRANSACTIONS WITH AFFILIATES

### Investment Adviser Fee

The advisory agreement between the Fund and the Adviser provides for an annual fee equal to 0.20% of the Fund's average daily net assets. Subject to the terms described in the Expense Limitation note, the Adviser may voluntarily choose to waive any portion of its fee. For the year ended July 31, 2020, the Adviser voluntarily waived \$3,897,199 of its fee.

The Adviser has agreed to waive its fee and/or reimburse the Fund for certain investment adviser fees as a result of transactions in other affiliated investment companies. For the year ended July 31, 2020, the Adviser waived and/or reimbursed \$57,575.

### Administrative Fee

Federated Administrative Services (FAS), under the Administrative Services Agreement, provides the Fund with administrative personnel and services. For purposes of determining the appropriate rate breakpoint, "Investment Complex" is defined as all of the Federated Hermes Funds subject to a fee under the Administrative Services Agreement. The fee paid to FAS is based on the average daily net assets of the Investment Complex as specified below:

<b>Administrative Fee</b>	<b>Average Daily Net Assets of the Investment Complex</b>
0.100%	on assets up to \$50 billion
0.075%	on assets over \$50 billion

Subject to the terms described in the Expense Limitation note, FAS may voluntarily choose to waive any portion of its fee. For the year ended July 31, 2020, the annualized fee paid to FAS was 0.079% of average daily net assets of the Fund.

In addition, FAS may charge certain out-of-pocket expenses to the Fund.

### Distribution Services Fee

The Fund has adopted a Distribution Plan (the "Plan") pursuant to Rule 12b-1 under the Act. Under the terms of the Plan, the Fund will compensate Federated Securities Corp. (FSC), the principal distributor, from the daily net assets of the Fund's shares to finance activities intended to result in the sale of these shares. The Plan provides that the Fund may incur distribution expenses at 0.55% of average daily net assets, annually, to compensate FSC. Subject to the terms described in the Expense Limitation note, FSC may voluntarily choose to waive any portion of its fee. For the year ended July 31, 2020, FSC waived \$5,565,224 of its fees. For the year ended July 31, 2020, FSC did not retain any fees paid by the Fund. When FSC receives fees, it may pay some or all of them to financial intermediaries whose customers purchase shares.

### Expense Limitation

Due to the possibility of changes in market conditions and other factors, there can be no assurance that the level of waiver/reimbursement/reduction of Fund expenses reflected in the financial highlights will be maintained in the future. However, the Adviser and certain of its affiliates (which may include FSC, FAS and FSSC) on their own initiative have agreed to waive certain amounts of their respective fees and/or reimburse

expenses. Total annual fund operating expenses (as shown in the financial highlights, excluding interest expense, extraordinary expenses and proxy-related expenses paid by the Fund, if any) and the Fund's share of the fees and expenses of the investments in affiliated funds paid by the Fund (after the voluntary waivers and reimbursements) will not exceed 1.02% (the "Fee Limit"), up to but not including the later of (the "Termination Date"): (a) October 1, 2021; or (b) the date of the Fund's next effective Prospectus. While the Adviser and its applicable affiliates currently do not anticipate terminating or increasing these arrangements prior to the Termination Date, these arrangements may only be terminated or the Fee Limit increased prior to the Termination Date with the agreement of the Trustees.

### **Directors'/Trustees' and Miscellaneous Fees**

Certain Officers and Trustees of the Fund are Officers and Directors or Trustees of certain of the above companies. To efficiently facilitate payment, Independent Directors'/Trustees' fees and certain expenses related to conducting meetings of the Directors/Trustees and other miscellaneous expenses are paid by an affiliate of the Adviser which in due course are reimbursed by the Fund. These expenses related to conducting meetings of the Directors/Trustees and other miscellaneous expenses may be included in Accrued and Miscellaneous Expenses on the Statement of Assets and Liabilities and Statement of Operations, respectively.

### **6. EXPENSE REDUCTION**

Through arrangements with the Fund's custodian, net credits realized as a result of uninvested cash balances were used to reduce custody expenses. For the year ended July 31, 2020, the Fund's expenses were reduced by \$17,103 under these arrangements.

### **7. CONCENTRATION OF RISK**

A substantial portion of the Fund's portfolio may be comprised of obligations of banks. As a result, the Fund may be more susceptible to any economic, business, political or other developments which generally affect these entities.

### **8. LINE OF CREDIT**

The Fund participates with certain other Federated Hermes Funds, on a several basis, in an up to \$500,000,000 unsecured, 364-day, committed, revolving line of credit (LOC) agreement. The LOC was made available to temporarily finance the repurchase or redemption of shares of the Fund, failed trades, payment of dividends, settlement of trades and for other short-term, temporary or emergency general business purposes. The Fund cannot borrow under the LOC if an inter-fund loan is outstanding. The Fund's ability to borrow under the LOC also is subject to the limitations of the Act and various conditions precedent that must be satisfied before the Fund can borrow. Loans under the LOC are charged interest at a fluctuating rate per annum equal to the highest, on any day, of (a) (i) the federal funds effective rate, (ii) the one month London Interbank Offered Rate (LIBOR), or a replacement rate as appropriate, and (iii) 0.0%, plus (b) a margin. Any fund eligible to borrow under the LOC pays its pro rata share of an upfront fee, and, its pro rata share of a commitment fee based on the amount of the lenders' commitment that has not been utilized, quarterly in arrears and at maturity. As of July 31, 2020, the Fund had no outstanding loans. During the year ended July 31, 2020, the Fund did not utilize the LOC.

## **9. INTERFUND LENDING**

Pursuant to an Exemptive Order issued by the Securities and Exchange Commission, the Fund, along with other funds advised by subsidiaries of Federated Hermes, Inc., may participate in an interfund lending program. This program provides an alternative credit facility allowing the Fund to borrow from or lend money to other participating affiliated funds. As of July 31, 2020, there were no outstanding loans. During the year ended July 31, 2020, the program was not utilized.

## **10. OTHER MATTERS**

An outbreak of respiratory disease caused by a novel coronavirus was first detected in China in December 2019 and subsequently spread globally. As of the date of the issuance of these financial statements, this coronavirus has resulted in closing borders, enhanced health screenings, healthcare service preparation and delivery, quarantines, cancellations, and disruptions to supply chains, workflow operations and consumer activity, as well as general concern and uncertainty. The impact of this coronavirus may be short-term or may last for an extended period of time and has resulted in a substantial economic downturn. Health crises caused by outbreaks, such as the coronavirus outbreak, may exacerbate other pre-existing political, social and economic risks. The impact of this outbreak, and other epidemics and pandemics that may arise in the future, could continue to negatively affect the worldwide economy, as well as the economies of individual countries, individual companies (including certain Fund service providers and issuers of the Fund's investments) and the markets in general in significant and unforeseen ways. Any such impact could adversely affect the Fund's performance.

## **TO THE BOARD OF TRUSTEES OF FEDERATED HERMES MONEY MARKET OBLIGATIONS TRUST AND SHAREHOLDERS OF FEDERATED HERMES CAPITAL RESERVES FUND:**

### **Opinion on the Financial Statements**

We have audited the accompanying statement of assets and liabilities of Federated Hermes Capital Reserves Fund (formerly, Federated Capital Reserves Fund) (the “Fund”) (one of the portfolios constituting Federated Hermes Money Market Obligations Trust (formerly, Money Market Obligations Trust) (the “Trust”)), including the portfolio of investments, as of July 31, 2020, and the related statement of operations for the year then ended, the statement of changes in net assets for each of the two years in the period then ended, the financial highlights for each of the five years in the period then ended and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund (one of the funds constituting Federated Hermes Money Market Obligations Trust) at July 31, 2020, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and its financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

### **Basis for Opinion**

These financial statements are the responsibility of the Trust’s management. Our responsibility is to express an opinion on the Fund’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Trust in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement, whether due to error or fraud. The Trust is not required to have, nor were we engaged to perform, an audit of the Trust’s internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Trust’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of July 31, 2020, by correspondence with the custodian and others or by other appropriate auditing procedures where replies from others were not received. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

*Ernst & Young LLP*

We have served as the auditor of one or more Federated Hermes investment companies since 1979.

Boston, Massachusetts  
September 22, 2020

## Shareholder Expense Example (unaudited)

As a shareholder of the Fund, you incur ongoing costs, including management fees and to the extent applicable, distribution (12b-1) fees and/or other services fees and other Fund expenses. This Example is intended to help you to understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds. It is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from February 1, 2020 to July 31, 2020.

### **ACTUAL EXPENSES**

The first section of the table below provides information about actual account values and actual expenses. You may use the information in this section, together with the amount you invested, to *estimate* the expenses that you incurred over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first section under the heading entitled “Expenses Paid During Period” to estimate the expenses attributable to your investment during this period.

### **HYPOTHETICAL EXAMPLE FOR COMPARISON PURPOSES**

The second section of the table below provides information about hypothetical account values and hypothetical expenses based on the Fund’s actual expense ratio and an *assumed* rate of return of 5% per year before expenses, which is not the Fund’s actual return. Thus, you should *not* use the hypothetical account values and expenses to estimate the actual ending account balance or your expenses for the period. Rather, these figures are required to be provided to enable you to compare the ongoing costs of investing in the Fund with other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only. Therefore, the second section of the table is useful in comparing ongoing costs only, and will not help you determine the relative *total* costs of owning different funds.

	Beginning Account Value 2/1/2020	Ending Account Value 7/31/2020	Expenses Paid During Period <sup>1</sup>
<b>Actual</b>	\$1,000	\$1,001.30	\$4.33 <sup>2</sup>
<b>Hypothetical (assuming a 5% return before expenses)</b>	\$1,000	\$1,020.54	\$4.37 <sup>2</sup>

- 1 Expenses are equal to the Fund's annualized net expense ratio of 0.87%, multiplied by the average account value over the period, multiplied by 182/366 (to reflect the one-half-year period).
- 2 Actual and Hypothetical expenses paid during the period utilizing the Fund's current Fee Limit of 1.02% (as reflected in the Notes to Financial Statements, Note 5 under Expense Limitation), multiplied by the average account value over the period, multiplied by 182/366 (to reflect expenses paid as if they had been in effect throughout the most recent one-half-year period) would be \$5.08 and \$5.12, respectively.

## Board of Trustees and Trust Officers

The Board of Trustees is responsible for managing the Trust’s business affairs and for exercising all the Trust’s powers except those reserved for the shareholders. The following tables give information about each Trustee and the senior officers of the Fund. Where required, the tables separately list Trustees who are “interested persons” of the Fund (i.e., “Interested” Trustees) and those who are not (i.e., “Independent” Trustees). Unless otherwise noted, the address of each person listed is 1001 Liberty Avenue, Pittsburgh, PA 15222. The address of all Independent Trustees listed is 4000 Ericsson Drive, Warrendale, PA 15086-7561; Attention: Mutual Fund Board. As of December 31, 2019, the Trust comprised 20 portfolio(s), and the Federated Hermes Fund Family consisted of 41 investment companies (comprising 135 portfolios). Unless otherwise noted, each Officer is elected annually. Unless otherwise noted, each Trustee oversees all portfolios in the Federated Hermes Fund Family and serves for an indefinite term. The Fund’s Statement of Additional Information includes additional information about Trust Trustees and is available, without charge and upon request, by calling 1-800-341-7400.

# Evaluation and Approval of Advisory Contract – May 2020

## **FEDERATED CAPITAL RESERVES FUND (THE “FUND”)**

### **(EFFECTIVE CLOSE OF BUSINESS ON JUNE 26, 2020, THE FUND’S NAME CHANGED TO FEDERATED HERMES CAPITAL RESERVES FUND)**

At its meetings in May 2020 (the “May Meetings”), the Fund’s Board of Trustees (the “Board”), including a majority of those Trustees who are not “interested persons” of the Fund, as defined in the Investment Company Act of 1940 (the “Independent Trustees”), reviewed and unanimously approved the continuation of the investment advisory contract between the Fund and Federated Investment Management Company (the “Adviser”) (the “Contract”) for an additional one-year term. The Board’s determination to approve the continuation of the Contract reflects the exercise of its business judgment after considering all of the information and factors believed to be relevant and appropriate on whether to continue the existing arrangements. The information, factors and conclusions that formed the basis for the Board’s approval are summarized below.

### **Information Received and Review Process**

At the request of the Independent Trustees, the Fund’s Chief Compliance Officer (the “CCO”) furnished to the Board in advance of its May Meetings an independent written evaluation presenting on the topics discussed below. The Board considered the CCO’s independent written evaluation (the “CCO Fee Evaluation Report”), along with other information, in evaluating the reasonableness of the Fund’s management fee and in determining to approve the continuation of the Contract. The CCO, in preparing the CCO Fee Evaluation Report, has the authority to retain consultants, experts or staff as reasonably necessary to assist in the performance of his duties, reports directly to the Board, and can be terminated only with the approval of a majority of the Independent Trustees. At the request of the Independent Trustees, the CCO Fee Evaluation Report followed the same general approach and covered the same topics as that of the report that had previously been delivered by the CCO in his capacity as “Senior Officer” prior to the elimination of the Senior Officer position in December 2017.

In addition to the extensive materials that comprise and accompany the CCO Fee Evaluation Report, in the months preceding the May Meetings, the Board requested and reviewed written responses and supporting materials prepared by the Adviser and its affiliates (collectively, “Federated Hermes”) in response to requests posed to Federated Hermes on behalf of the Independent Trustees encompassing a wide variety of topics. The Board also considered such additional matters as the Independent Trustees deemed reasonably necessary to evaluate the Contract, which included detailed information about the Fund and Federated Hermes furnished to the Board at its meetings throughout the year

and in between regularly scheduled meetings on particular matters as the need arose, as well as information specifically prepared in connection with the approval of the continuation of the Contract that was presented at the May Meetings.

The Board's consideration of the Contract included review of materials and information covering the following matters, among others: the Adviser's investment philosophy, revenue, profitability, personnel and processes; investment and operating strategies; the Fund's short-term and long-term performance (in absolute terms, both on a gross basis and net of expenses, and relative to the Fund's particular investment program and a group of its peer funds and/or its benchmark, as appropriate) and comments on the reasons for the Fund's performance; the Fund's investment objectives; the Fund's expenses, including the advisory fee and the overall expense structure of the Fund (both in absolute terms and relative to a group of its peer funds), with due regard for contractual or voluntary expense limitations (if any); the use and allocation of brokerage commissions derived from trading the Fund's portfolio securities (if any); and the nature, quality and extent of the advisory and other services provided to the Fund by the Adviser and its affiliates. The Board also considered the preferences and expectations of Fund shareholders; the entrepreneurial and other risks assumed by the Adviser in sponsoring and managing the Fund; the continuing state of competition in the mutual fund industry and market practices; the range of comparable fees for similar funds in the mutual fund industry; the Fund's relationship to the other funds advised by Federated Hermes (each, a "Federated Hermes Fund"), which include a comprehensive array of funds with different investment objectives, policies and strategies which are generally available for exchange without the incurrence of additional sales charges; compliance and audit reports concerning the Federated Hermes Funds and the Federated Hermes' affiliates that service them (including communications from regulatory agencies), as well as Federated Hermes' responses to any issues raised therein; and relevant developments in the mutual fund industry and how the Federated Hermes Funds and/or Federated Hermes may be responding to them. In addition, the Board received and considered information furnished by Federated Hermes on the impacts of the coronavirus (COVID-19) outbreak on Federated Hermes generally and the Fund in particular, including, among other information, the current and anticipated impacts on the management, operations and performance of the Fund. The Board noted that its evaluation process is evolutionary and that the criteria considered and the emphasis placed on relevant criteria may change in recognition of changing circumstances in the mutual fund marketplace.

The Board also considered judicial decisions concerning allegedly excessive investment advisory fees in determining to approve the Contract. Using these judicial decisions as a guide, the Board observed that the following factors may be relevant to an adviser's fiduciary duty with respect to its receipt of

compensation from a fund: (1) the nature and quality of the services provided by an adviser to a fund and its shareholders (including the performance of the fund, its benchmark, and comparable funds); (2) an adviser's cost of providing the services (including the profitability to an adviser of providing advisory services to a fund); (3) the extent to which an adviser may realize "economies of scale" as a fund grows larger and, if such economies of scale exist, whether they have been shared with a fund and its shareholders or the family of funds; (4) any "fall-out" financial benefits that accrue to an adviser because of its relationship with a fund (including research services received from brokers that execute fund trades and any fees paid to affiliates of an adviser for services rendered to a fund); (5) comparative fee and expense structures (including a comparison of fees paid to an adviser with those paid by similar funds both internally and externally as well as management fees charged to institutional and other advisory clients of the adviser for what might be viewed as like services); and (6) the extent of care, conscientiousness and independence with which the fund's board members perform their duties and their expertise (including whether they are fully informed about all facts the board deems relevant to its consideration of an adviser's services and fees). The Board noted that the Securities and Exchange Commission ("SEC") disclosure requirements regarding the basis for a fund board's approval of the fund's investment advisory contracts generally align with the factors listed above. The Board was aware of these factors and was guided by them in its review of the Contract to the extent it considered them to be appropriate and relevant, as discussed further below.

The Board considered and weighed these factors in light of its substantial accumulated experience in governing the Fund and working with Federated Hermes on matters relating to the Federated Hermes Funds. While individual members of the Board may have weighed certain factors differently, the Board's determination to continue the Contract was based on a comprehensive consideration of all information provided to the Board throughout the year and specifically with respect to the continuation of the Contract. The Independent Trustees were assisted throughout the evaluation process by independent legal counsel. In connection with their deliberations at the May Meetings, the Independent Trustees met separately in executive session with their independent legal counsel and without management present to review the relevant materials and consider their responsibilities under applicable laws. In addition, senior management representatives of Federated Hermes also met with the Independent Trustees and their independent legal counsel to discuss the materials and presentations furnished to the Board at the May Meetings. The Board considered the approval of the Contract for the Fund as part of its consideration of agreements for funds across the Federated Hermes Funds family, but its approvals were made on a fund-by-fund basis.

### **Nature, Extent and Quality of Services**

The Board considered the nature, extent and quality of the services provided to the Fund by the Adviser and the resources of the Adviser and its affiliates dedicated to the Fund. In this regard, the Board evaluated, among other things, the Adviser's personnel, experience and track record, as well as the financial resources and overall reputation of Federated Hermes and its willingness to invest in personnel and infrastructure that benefit the Federated Hermes Funds. The Board noted the significant acquisition of Hermes Fund Managers Limited by Federated Hermes in 2018, which has deepened the organization's investment management expertise and capabilities and expanded the investment process for all of the Federated Hermes Funds to incorporate environmental, social and governance ("ESG") factors and issuer engagement on ESG matters.

In addition, the Board reviewed the qualifications, backgrounds and responsibilities of the portfolio management team primarily responsible for the day-to-day management of the Fund and the Adviser's ability and experience in attracting and retaining qualified personnel to service the Fund. The Board noted the compliance program of the Adviser and the compliance-related resources devoted by the Adviser and its affiliates in support of the Fund's obligations pursuant to Rule 38a-1 under the Investment Company Act of 1940, including the Adviser's commitment to respond to rulemaking and other regulatory initiatives of the SEC such as the liquidity risk management program rules. In addition, the Board considered the response by the Adviser to recent market conditions and considered the overall performance of the Adviser in this context. The Fund's ability to deliver competitive performance when compared to its Performance Peer Group (as defined below) was also deemed to be relevant by the Board as a useful indicator of how the Adviser is executing the Fund's investment program. The Adviser's ability to execute this program was one of the Board's considerations in reaching a conclusion that the nature, extent and quality of the Adviser's investment management and related services warrant the continuation of the Contract.

### **Fund Investment Performance**

In evaluating the Fund's investment performance, the Board considered performance results in light of the Fund's investment objective, strategies and risks, as disclosed in the Fund's prospectus. The Board also considered the Fund's performance in light of the overall recent market conditions. The Board considered detailed investment reports on the Fund's performance over different time periods that were provided to the Board throughout the year and in connection with the May Meetings and evaluated the Adviser's analysis of the Fund's performance for these time periods. The Board also reviewed comparative information regarding the performance of other mutual funds in the category of peer funds selected by iMoneyNet, an independent fund ranking organization (the "Performance Peer Group"), noting the CCO's view that comparisons to fund peer groups may be helpful, though not conclusive, in

evaluating the performance of the Adviser in managing the Fund. The Board considered, in evaluating such comparisons, that in some cases there may be differences in the funds' objectives or investment management techniques, or the costs to implement the funds, even within the same Performance Peer Group.

The Fund's performance fell below the median of the relevant Performance Peer Group for the one-year period ended December 31, 2019. The Board discussed the Fund's performance with the Adviser, including the reasons for and plans to improve the Fund's performance, and recognized the efforts being taken by the Adviser. The Board also considered the relatively tight dispersion of performance data with respect to the Fund and its Peer Group.

Following such evaluation, and full deliberations, the Board concluded that the performance of the Fund supported renewal of the Contract.

### **Fund Expenses**

While mindful that courts have cautioned against giving too much weight to comparative information concerning fees charged by other advisers for managing funds with comparable investment programs, the Board has found the use of such comparisons to be relevant to its deliberations. In this regard, the Board was presented with, and considered, information regarding the contractual advisory fee rates, net advisory fee rates, total expense ratios and each element of the Fund's total expense ratio (i.e., gross and net advisory fees, administrative fees, custody fees, portfolio accounting fees and transfer agency fees) relative to an appropriate group of peer funds compiled by Federated Hermes from the category of peer funds selected by iMoneyNet (the "Expense Peer Group"). The Board received a description of the methodology used to select the Expense Peer Group from the overall iMoneyNet category. The Board also reviewed comparative information regarding the fees and expenses of the broader group of funds in the overall iMoneyNet category. The Board focused on comparisons with other similar mutual funds more heavily than non-mutual fund products or services because such comparisons are believed to be more relevant. The Board considered that other mutual funds are the products most like the Fund, in that they are readily available to Fund shareholders as alternative investment vehicles, and they are the type of investment vehicle, in fact, chosen and maintained by the Fund's investors. The Board noted that the range of their fees and expenses, therefore, appears to be a relevant indicator of what consumers have found to be reasonable in the marketplace in which the Fund competes.

The Board reviewed the contractual advisory fee rate, net advisory fee rate and other expenses of the Fund and noted the position of the Fund's fee rates relative to its Expense Peer Group. In this regard, the Board noted that the contractual advisory fee rate was below the median of the Expense Peer Group and the Board was satisfied that the overall expense structure of the Fund remained competitive.

For comparison, the Board received and considered information about the fees charged by Federated Hermes for providing advisory services to other types of clients with investment strategies similar to those of the Federated Hermes Funds, including non-mutual fund clients such as institutional separate accounts and third-party unaffiliated mutual funds for which the Adviser or its affiliates serve as sub-adviser. The Board noted the CCO's conclusion that non-mutual fund clients are inherently different products due to the following differences, among others: (i) different types of targeted investors; (ii) different applicable laws and regulations; (iii) different legal structures; (iv) different average account sizes and portfolio management techniques made necessary by different cash flows and different associated costs; (v) and the time spent by portfolio managers and their teams (among other personnel across various departments, including legal, compliance and risk management) in reviewing securities pricing, addressing different administrative responsibilities, and addressing different degrees of risk associated with management; and (vi) a variety of different costs. The Board also considered information regarding the differences in the nature of the services required for Federated Hermes to manage its proprietary mutual fund business versus managing a discrete pool of assets as a sub-adviser to another institution's mutual fund, noting that Federated Hermes generally performs significant additional services and assumes substantially greater risks in managing the Fund and other Federated Hermes Funds than in its role as sub-adviser to an unaffiliated third-party mutual fund. The Board noted that the CCO did not consider the fees for providing advisory services to other types of clients to be determinative in judging the appropriateness of the Federated Hermes Funds' advisory fees.

Following such evaluation, and full deliberations, the Board concluded that the fees and expenses of the Fund are reasonable and supported renewal of the Contract.

### **Profitability and Other Benefits**

The Board also received financial information about Federated Hermes, including information regarding the compensation and ancillary (or "fall-out") benefits Federated Hermes derived from its relationships with the Federated Hermes Funds. This information covered not only the fees under the Federated Hermes Funds' investment advisory contracts, but also fees received by Federated Hermes' affiliates for providing other services to the Federated Hermes Funds under separate contracts (e.g., for serving as the Federated Hermes Funds' administrator and distributor). In this regard, the Board considered that certain of Federated Hermes' affiliates provide distribution and shareholder services to the Federated Hermes Funds, for which they may be compensated through distribution and servicing fees paid pursuant to Rule 12b-1 plans or otherwise. The Board also received and considered information detailing any indirect benefit Federated Hermes may derive from its receipt of research services from brokers who execute portfolio trades for the Federated Hermes Funds. In addition, the Board considered the fact that, in

order for the Federated Hermes Funds to be competitive in the marketplace, the Adviser and its affiliates frequently waived fees and/or reimbursed expenses and have disclosed to Federated Hermes Fund shareholders and/or reported to the Board their intention to do so in the future. Moreover, the Board received and considered regular reports from Federated Hermes throughout the year as to the institution, adjustment or elimination of these voluntary waivers and/or reimbursements.

The Board received and considered information furnished by Federated Hermes, as requested by the CCO, that reported revenues on a fund-by-fund basis and made estimates of the allocation of expenses on a fund-by-fund basis, using allocation methodologies specified by the CCO and described to the Board. The Board considered the CCO's view that, while these cost allocation reports apply consistent allocation processes, the inherent difficulties in allocating costs continues to cause the CCO to question the precision of the process and to conclude that such reports may be unreliable, because a single change in an allocation estimate may dramatically alter the resulting estimate of cost and/or profitability of a Federated Hermes Fund and may produce unintended consequences. The allocation information, including the CCO's view that fund-by-fund estimations may be unreliable, was considered in the evaluation by the Board. In addition, the Board considered that, during the prior year, an independent consultant conducted a review of the allocation methodologies used by Federated Hermes in estimating profitability for purposes of reporting to the Board in connection with the continuation of the Contract. The Board noted the consultant's view that, although there is no single best method to allocate expenses, the methodologies used by Federated Hermes are reasonable.

The Board also reviewed information compiled by Federated Hermes comparing its profitability information to other publicly held fund management companies, including information regarding profitability trends over time. The Board considered the CCO's conclusion that, based on such profitability information, Federated Hermes' profit margins did not appear to be excessive. The Board also considered the CCO's view that Federated Hermes appeared financially sound, with the resources necessary to fulfill its obligations under its contracts with the Federated Hermes Funds.

### **Economies of Scale**

The Board received and considered information about the notion of possible realization of "economies of scale" as a fund grows larger, the difficulties of calculating economies of scale at an individual fund level, and the extent to which potential scale benefits are shared with shareholders. In this regard, the Board considered that the Adviser has made significant and long-term investments in areas that support all of the Federated Hermes Funds, such as personnel and processes for the portfolio management, trading operations, issuer engagement (including with respect to ESG matters), shareholder

services, compliance, business continuity, internal audit and risk management functions, as well as systems technology (including technology relating to cybersecurity) and use of data. The Board noted that Federated Hermes' investments in these areas are extensive and are designed to provide enhanced services to the Federated Hermes Funds and their shareholders. The Board considered that the benefits of these investments (as well as the benefits of any economies of scale, should they exist) are likely to be shared with the Federated Hermes Fund family as a whole. In addition, the Board considered that the Adviser and its affiliates have frequently waived fees and/or reimbursed expenses for the Federated Hermes Funds and that such waivers and reimbursements are another means for potential economies of scale to be shared with shareholders and can provide protection from an increase in expenses if a Federated Hermes Fund's assets decline. Federated Hermes, as it does throughout the year, and specifically in connection with the Board's review of the Contract, furnished information relative to adviser-paid fees (commonly referred to as revenue sharing). The Board considered the beliefs of Federated Hermes and the CCO that this information should be viewed to determine if there was an incentive to either not apply breakpoints, or to apply breakpoints at higher levels, and should not be viewed to determine the appropriateness of advisory fees. The Board also noted the absence of any applicable regulatory or industry guidelines on this subject, which is compounded by the lack of any common industry practice or general pattern with respect to structuring fund advisory fees with "breakpoints" that serve to reduce the fee as a fund attains a certain size.

### **Conclusions**

The Board considered the CCO's conclusion that his observations and the information accompanying the CCO Fee Evaluation Report show that the management fee for the Fund was reasonable and the CCO's recommendation that the Board approve the management fee. The Board noted that, under these circumstances, no changes were recommended to, and no objection was raised to the continuation of, the Contract by the CCO. The CCO also recognized that the Board's evaluation of the Federated Hermes Funds' advisory and subadvisory arrangements is a continuing and on-going process that is informed by the information that the Board requests and receives from management throughout the course of the year and, in this regard, the CCO noted certain items for future reporting to the Board or further consideration by management as the Board continues its on-going oversight of the Federated Hermes Funds.

In its determination to continue an existing investment advisory contract, the Board was mindful of the potential disruptions of the Fund's operations and various risks, uncertainties and other effects that could occur as a result of a decision to terminate or not renew an investment advisory contract. In particular, the Board recognized that many shareholders have invested in the Fund on the strength of the Adviser's industry standing and reputation and

with the expectation that the Adviser will have a continuing role in providing advisory services to the Fund. Thus, the Board's approval of the Contract reflected the fact that it is the shareholders who have effectively selected the Adviser by virtue of having invested in the Fund. The Board concluded that, in light of the factors summarized above, including the nature, quality and scope of the services provided to the Fund by the Adviser and its affiliates, continuation of the Contract was appropriate.

The Board based its determination to approve the Contract on the totality of the circumstances and relevant factors and with a view to past and future long-term considerations. Not all of the factors and considerations identified above were necessarily deemed to be relevant to the Fund, nor did the Board consider any one of them to be determinative. With respect to the factors that were deemed to be relevant, the Board's determination to approve the continuation of the Contract reflects its view that Federated Hermes' performance and actions provided a satisfactory basis to support the determination to continue the existing arrangement.

## Voting Proxies on Fund Portfolio Securities

A description of the policies and procedures that the Fund uses to determine how to vote proxies, if any, relating to securities held in the Fund's portfolio is available, without charge and upon request, by calling 1-800-341-7400. A report on "Form N-PX" of how the Fund voted any such proxies during the most recent 12-month period ended June 30 is available via the Proxy Voting Record (Form N-PX) link associated with the Fund and share class name at [FederatedInvestors.com/FundInformation](https://www.federatedinvestors.com/FundInformation). Form N-PX filings are also available at the SEC's website at [sec.gov](https://www.sec.gov).

## Portfolio Schedule

The Fund files with the SEC a complete schedule of its portfolio holdings as of the close of each month on "Form N-MFP." Form N-MFP is available on the SEC's website at [sec.gov](https://www.sec.gov). You may access Form N-MFP via the link to the Fund and share class name at [FederatedInvestors.com](https://www.federatedinvestors.com).
